New York, Detroit School Disputes Defy Settlement

ALBERT SHANKER, president of the United Federation of Teachers, acknowledges applause as he appears before meet- of public school teachers in the Singer Bowl at the old World's Fair Grounds in New York. The 15,000 teachers at the meeting rejected overwhelmingly a $125-million pay package offer. Shanker had urged rejection of the proposal, which had been endorsed by the Board of Education and Mayor John V. Lindsay. (AP Wirephoto)

Gregory, Department of Economics at Wayne State University sits next to Mrs. Tate with Lt. Gov. William Milliken next to Gov. Romney. (AP Wirephoto)

Navy Jets Hit Haiphong Rail Yard, Bridges

SAIGON (AP) — U.S. Navy planes hit four targets inside Haiphong Monday in the closest raids ever made to the center of the port city.

The dock facilities were spared, but raiding jets from the carriers Coral Sea and Oriskany hit two of the main bridges in North Vietnam's chief port, the main rail yard and a sprawling warehouse area.

Antiaircraft and missiles barrages sent against the raiders included two Soviet-built SAM missiles that apparently went out of control and exploded near three ships, including one Polish and one Italian, anchored in the Red River mouth 20 miles from the port. One missile exploded 1,800 feet above the ships and the other exploded in the water about 2,000 yards away.

The raids into the heavily defended heartland of North Vietnam maintained a U.S. policy of putting as much pressure as possible on the Hanoi regime before monsoons curtail air operations against the North in about a month.

Ground Fight Heavy

The intensified air war was paralleled by heavy ground fighting Monday and today in South Vietnam's northern war zone where U.S. Marines have been fighting off freshly equipped North Vietnamese regulars.

The Marines reported 40 Communist soldiers and 14 Marines killed and 35 Marines wounded in two actions Monday and two shelling attacks today.

Meanwhile, South Vietnamese forces suffered heavy casualties in two attacks early today south of Da Nang.

U.S. B52 bombers made the raids early today on North Vietnamese positions inside the demilitarized zone from which the Communists send troops south against the Marines and bombarded the Leatherneck outposts just below the zone.

Navy pilots returning from the Haiphong raids reported a hail of SAM missiles and antiaircraft fire, and Hanoi Radio claimed two U.S. jets were shot down.

Two Fliers Missing

The U.S. Command reported no losses on the Haiphong strike, but said a B57 Canberra was shot down Monday north of the demilitarized zone and the two crewmen were missing. It was the 674th U.S. combat plane reported lost in the air war against North Vietnam.

A comprehensive estimate of the damage in Haiphong Monday was unavailable until film from photo planes was developed.

The bridges spanned the big canal that bisects Haiphong and carried the main rail and road traffic for Hanoi to the west. They were located one mile and eight-tenths of a mile from the geographic center of the city, the U.S. Command said.

The closest raid previously to the center of Haiphong was an attack last April on a cement plant and power plant 1.1 miles from the center.

Weather

By The Associated Press

ESCANABA AND VICINITY—Sunny, breezy and warmer today, high near 70. Fair and not as cool tonight, low 54. Wednesday partly cloudy and warm with thundershowers developing by afternoon or night. Southeast to south winds, 10 to 20 mph. High yesterday, 64 and low overnight, 53. Thursday outlook: Showers likely. Precipitation probabilities: today, 10%; tonight, 10%; Wednesday, 30%.

Upper Peninsula — Fair this afternoon. Highs mostly in the 70s. Partly cloudy and a little warmer tonight with a chance of brief thundershowers in the extreme west portion. Variable cloudiness and mild Wednesday with a chance of thundershowers in the west and central sections. Low tonight 47 to 52. High Wednesday in the 70s.

Sun sets today at 7:06 p.m. and rises Wednesday at 6:24 a. m.

Hurricane Heads Toward Jamaica

MIAMI, Fla. (AP) — Mountain peaks reaching 8,000 feet into Hurricane Beulah tamed the once-mighty storm to 75 miles an hour today but not before Beulah raised its Caribbean death toll to 18 and headed for the tourist resorts of Jamaica.

The U.S. Weather Bureau said Beulah was expected to build up its strength on the march over open water before nearing the island of Jamaica.

At midnight the storm was centered about 700 miles southeast of Miami and was moving west. A slight turn to the northwest was forecast. Such a turn could affect Cuba, said forecaster Joseph Pelissier.

Arnold Sugg, a forecaster, said it was too early to predict the effect on the United States.

Two Atlantic hurricanes, Doria and Chloe, remained far from land.

Chloe, moving west from far out in the Atlantic, was said to pose no threat to land for the next two days.

Doria, a "minimal hurricane" centered 500 miles east of Norfolk, Va., was moving to the east at about 14 m.p.h. She was still kicking up the seas causing heavy surf from Massachusetts to Cape Hatteras, N.C.

On Monday 200,000 people were evacuated to emergency shelters from the exposed Barahona Peninsula on the south shore of Hispaniola, the island shared by Haiti and the Dominican Republic. A report from Barahona said 1,000 were homeless there.

Two deaths were reported from the Barahona Peninsula. A man was killed Sunday in Puerto Rico and 15 others died last week in the Martinique area of the east Caribbean as Beulah was forming.

Damage to the nearly mature crops of coffee, bananas, sugar cane and cocoa on the Barahona Peninsula was expected to be severe.

Powell Is Mum On Jury Quiz

WASHINGTON (AP) — Adam Clayton Powell, ousted from his Harlem congressional seat by the House for alleged financial misconduct, was back in Washington Monday to appear before a federal grand jury investigating similar allegations.

Powell reportedly appeared in response to a subpoena.

Powell is being investigated in connection with sections of federal law dealing with bribery of witnesses, fraudulent or false claims against the government, conspiracy to defraud the government and embezzlement of theft of public money or records.

The House excluded Powell last March after a congressional committee said he made false reports on expenditures and wrongfully appropriated more than $28,000 in public funds to his own use by allowing his wife to draw a salary when she performed no official duties.

He was re-elected in a special election April 11 and has sought court action to get readmitted. He has not asked the House to readmit him.

Powell declined to tell newsmen about his session with the

Ecorse Teachers Ask Milliken Aid

ECORSE (AP)— The Ecorse Federation of Teachers appealed today to Lt. Gov. William Milliken to intervene in negotiations over a new contract for the school district's teachers.

In a telegram to Milliken, who is acting as state coordinator in Michigan's school disputes, the teachers said that negotiations had collapsed for a second time Monday night when the school board walked out.

"Bargaining previously collapsed at 7 a.m. Sunday morning," the telegram said. "One reasonable move could have resulted in a settlement of the Ecorse crisis on either day.

"We urge your personal intervention to resolve remaining issues and facilitate agreement which will open schools in this district."

Chrysler Hikes Prices; Union Is Taking Note

DETROIT (AP)—An increase in car prices today was a new factor in the labor-management equation as negotiators prepared to resume bargaining between the struck Ford Motor Co. and the United Auto Workers.

Chrysler Corp., citing increased costs of labor and new health and safety items required by federal law, Monday became the first of the four major U. S. automakers to announce a price increase. It said 1968 models would cost an average of $133 or 4.6 per cent more than 1967s.

General Motors, American Motors and Ford Motor Co. are also readying higher prices listings on their new models but it was not immediately known when their prices will be announced.

Resume Talks Friday

Ford and the UAW have agreed to return to the bargaining table Friday in an effort to end a six-day-old strike by 160,000 Ford workers.

The UAW had no immediate comment on Chrysler's announcement, but it was expected to study the new listings carefully to get an indication of what kind of second contract offer the company might make.

The union has rejected the nearly identical offers made by the Big Three. One GM official estimated the original offer would add $4 an hour to the $4.70 an hour in wages and fringe benefits the average worker now draws.

The Big Three offers included raising the current average straight time hourly rate of $3.41 an hour by 13 cents the first year and by 2.8 per cent each successive year.

On Display Sept. 22

The strike is not expected to delay Ford's new price announcement since the company already has 85,000 new models ready for introduction by dealers Sept. 22.

Chrysler's new models will go on display Sept. 14, earliest of the four Detroit car builders.

Chrysler's changes in its "suggested U. S. retail prices" ranged from a boost of $256 on a three-seat Chrysler station wagon to a cut of $144 on the Dodge Charger, the only one out of a 115-model line whose price was dropped.

Based strictly on price tags, with no other consideration, an Associated Press analysis of the 115 models showed the average price increase was $152.70.

3,000 Idled By AMC Walkout

MILWAUKEE, Wis. (AP) — Approximately 3,000 production employes at the American Motors Corp. body plant in Milwaukee quit work Monday in what a union official described as an unauthorized walkout.

Walter Bruss, president of United Auto Workers Local 75, said an effort would be made to get the employes back to work and arrange for a meeting with the company. He said the members had not been authorized to leave their jobs.

Seek Treasury Aid For Pension Boost

WASHINGTON (AP) — Senate advocates of a sharply increased level of Social Security benefits are focusing their efforts this year on a revolutionary breakthrough in financing of the 31-year-old system.

They propose that for the first time the traditional revenues obtained through wage-related taxes be augmented by money from the general funds of the Treasury.

The huge prospective budget deficit in the general fund growing out of the Vietnam war appears to make 1967 a particularly unlikely year for such a change.

Wait 'Til 1972

But Sen. Robert F. Kennedy, D-N.Y., who is pushing the idea, has come up with a twist which seems to skirt the question for general fund financing but not until 1972.

Senators seeking the higher payments declare the Social Security bill passed by the House last month proposes benefits hopelessly inadequate for the needs of America's elderly citizens.

And, they say, President Johnson's proposal, which calls for somewhat higher payments also is unsatisfactory even though it would mean the biggest benefit increase ever.

They point to the testimony received by the Senate Finance Committee that either proposal would leave millions of old persons still in poverty.

Under Poverty Level

The commitee has been told that the new average annual payment for an individual resulting from the President's measure would be $1,173.

The poverty level of an individual as defined by the Social Security Administration on an admittedly meager basis is $1,500 or less.

The House bill provides for a 12.5 per cent increase in benefits, with a boost in the minimum monthly check to $50 from the present $44.

Johnson's recommendation is for a 15 per cent across-the-board hike with a $70 minimum.

Kennedy, in testimony before the committee, called for a 20 per cent across-the-board hike with a $100 minimum monthly payment.

Today's Chuckle

Social Security is a system that guarantees you a steak after your teeth are gone.

Railroad Chief Urges Strikes Be Outlawed

WASHINGTON (AP) — The railroad industry's new chief negotiator, John P. Hiltz Jr., says Congress should strip the nation's 25 rail unions of their right to strike.

"I would favor a law to perpetuate railroad service, rather than having the threat of constant interruptions of service," Hiltz said in an informal talk with newsmen.

He said Monday this would mean taking the strike weapon away from unions representing some 600,00 railroad workers. Rail unions have consistently defended their right to strike.

The rail industry and six shop craft unions are awaiting the decision of a White House board this week which Hiltz said may set the bargaining pattern for the industry in the future.

Report Due Friday

The presidential board, headed by Sen. Wayne Morse, D-Ore., was named under a special law passed in July to halt a two-day nationwide strike—the first time in U.S. history that Congress stepped into a wage dispute except during World Wars I and II.

The board's recommendations, due to be handed down by midnight Friday, will become mandatory if the railroads and unions don't settle voluntarily by Oct. 16. There is little likelihood of a voluntary wage agreement.

The six shop craft unions are demanding a 6.5 per cent wage hike this year and 5 per cent next year plus two 12.5-cent increases for skilled men who make up most of the 137,000 workers affected. The railroads have offered a 6 per cent hike for an 18-month agreement plus one five-cent hourly raise for skilled workers.

New Wage Demands

The railroads will face new wage demands from other unions right on the heels of the shop craft case. Unions representing several hundred thousand trainmen, switchmen and clerks have already served wage demands for their workers, whose contracts expire next January.

Hiltz, who took over on the retirement of J. E. Wolfe last month, indicated no break in the rail industry's tough bargaining attitude.

The 56-year-old Hiltz bargains for virtually all the nation's railroads. He resigned as president of the Delaware Hudson Railroad to take the new job, is little known outside the industry but brings 33 years of railroading experience to his new post.

Teachers Plan Stay Out 'Til Goals Are Met

By The Associated Press

The militant mood which has emerged among some U.S. public school teachers continued today to keep instructors out of classrooms in two of the nation's largest cities—New York and Detroit—as well as a number of smaller communities.

The opening of the fall term in New York City schools was disrupted for more than a million pupils when more than 40,000 members of the United Federation of Teachers staged a work stoppage.

"We will stay out until our demands are granted," said union President Albert Shanker after his members defied a court order forbidding the walkout.

"Until Snow Flies"

In Detroit, the president of the Detroit Federation of Teachers vowed the city's 11,000 teachers would stay out "until the snow flies" if necessary to enforce contract demands.

"Our cause is justice for children and teachers, and our weapon is solidarity," said federation head Mary Ellen Riordan. There were 300,000 youngsters out of classes in Detroit.

Other disputes continued in Broward County, Fla., where the school board voted to close its schools "until further notice" and in McCracken County, Ky.

A tentative settlement was reached Monday night in the nine-day-old wage dispute which had kept 850 teachers out of schools in East St. Louis, Ill.

The 24,000 pupils could go back to classes today if their teachers ratify the proposal to submit the dispute to a three-member panel.

Baltimore Accord

And a threatened strike in the Baltimore school system was averted as the union and school board representatives reached a agreement Monday night. Teachers were expected to give routine approval to the proposal tonight.

Estimates of the effectiveness of the New York teacher walkout varied from 75 to 90 per cent but all agreed that normal instruction did not take place in the classrooms. More than 400,000 of the system's pupils also stayed home.

Teachers, who have rejected a $125 - million board-endorsed package, say they are holding out for a say in school policy and in the handling of disruptive children as well as more money.

In Michigan there were also 77,000 pupils in 17 other districts outside Detroit without teachers. Most union leaders looked to the Michigan Supreme Court where a ruling forbidding strikes "under any guise" was being appealed.

Optimism

Detroit (AP) — A state-appointed fact finder today voiced a note of optimism that there might be a break soon in the Detroit school strike which has kept classroom doors closed to 300,000 pupils.

"There is a chance that settlement could be reached in a few days," said Ronald Haughton, adding "There is now real communications as to position between the parties and collective bargaining is taking place."

Walt To Speak

LANSING (AP) — Marine Lt. Gen. Lewis W. Walt, commander of the 3rd Marine Division in Vietnam until his return to the United States June 1, is scheduled to speak at a Lansing Rotary - Kiwanis meeting Sept. 22.

BUCKY WELCH gives an affectionate hug to his new pet, Patsy, whom he acquired after the death of Smoky recently. It was Smoky, a brown pooch, that Bucky rescued from beneath a train three years ago and in the process the boy lost both arms below the elbow. Today, Bucky is back in school, using a $600 pair of artificial hands and arms, and hopes to become a big league ballplayer. (AP Wirephoto)

Governor Wallace Has Radiotherapy

HOUSTON, Tex. (AP) — Alabama Gov. Lurleen Wallace begins today six weeks of radiotherapy treatments designed to insure her victory in a two-year battle with cancer.

Doctors at the University of Texas M. D. Anderson Hospital and Tumor Institute removed a lemon-sized tumor and a section of colon July 10 in her second cancer operation.

The 40-year-old governor returned to the hospital as an outpatient Monday and, after tests designed to gauge her recovery from the operation, received a prescription for cobalt-60 treatments. They are intended to destroy any traces of malignant material.

White Crowds Block Milwaukee Marchers

MILWAUKEE, Wis. (AP) — Crowds of whites hurled bottles and rocks at a line of Negro open housing marchers in the virtually all-white South Side Monday night, bringing an abrupt end to Milwaukee's 15th straight night of demonstrations.

Whites packed the sidewalks along 16th Street as the demonstrators, led by Negro comedian Dick Gregory and the Rev. James E. Groppi, a white Roman Catholic priest, moved into the neighborhood.

Two persons were injured including Sydney Finley, a national officer of the National Association for the Advancement of Colored People who suffered a head cut.

Police made 13 arrests.

The whites, some of whom had made unsuccessful attempts earlier Monday to start marches of their own into the Negro North Side, were waiting for the procession of about 500 Negroes.

"Sock it to me, Black Power, ooh, aah," chanted the demonstrators as they advanced through the shouting waves of whites. Some whites held banners that read, "Polish Power," or, "White power."

Others threw rocks and bottles, over the heads of the riot-equipped police accompanying the marchers.

The marchers huddled together. Some hid behind signs calling for open housing.

Some police charged toward the white lines. Others urged the marchers to hurry along.

Some demonstrators threw rocks back at the whites. One Negro youth began smashing storefront windows.

Police pushed the marchers down a darkened residential street.

The whites were sealed off at the corner. A police sergeant pleaded with Father Groppi and other march leaders not to try to push deeper into the neighborhood.

Finally, police led the marchers around the corner and back toward the viaduct leading to the safety of Milwaukee's downtown. The whites jeered as the marchers retreated over the bridge.

The four-block march was over within 15 minutes.

Carpenters Strike:

Walkout Closes Bridge Project

A bridge reconstruction project on U.S. 2 at the Whitefish River east of Rapid River, costing about a quarter-million dollars, is closed down because of a walkout of five union carpenters on the job.

Highway U.S. 2 traffic is maintained on a temporary bridge structure, as it has been for the past couple of months while work was progressing on the main bridge.

Caspian Construction Co., of Caspian has the contract for rebuilding of the bridge deck. Work was started on June 6 this year and the completion date is June 30, 1968. The contract price is $229,424.

Neil Kositzky, Escanaba, business representative of Carpenter's Local 1832 of the United Brotherhood of Carpenters & Joiners of America, said the work stoppage is by all carpenters under the Michigan Road Builders Association agreement.

"The carpenters will not return to work until the Michigan Road Builders Association and the five Carpenter's district councils have come to agreement at the bargaining table," Kositzky said.

There were no bargaining talks reported in progress at this time. The dispute reportedly was primarily over wage rates. No meetings are scheduled and the contractor has closed down the project for at least the remainder of the week.

Presently the union carpenters are being paid $4.06 per hour in the Upper Peninsula. This figure was established on Jan. 1, 1967. Between Sept. 1, 1966, and Jan. 1, 1967, the rate was $4.01.

Kositzky directed attention to the "many detrimental problems this winter if the strike is of long duration.

"The major problem would be snow removal on the temporary bridge at the Whitefish River site and also the spring ice break-up would cause much damage to the temporary bridge," he said.

The contractor has until Dec. 1, 1967, to open the bridge to traffic. Should there be a delay in meeting the contract schedule he would be subject to penalty payments to the State.

Edward Slobotta, the project engineer, said that only a little work was being done on the project on Monday by iron workers who were bolting up the structural steel. There were no carpenters on the job.

"The job was on schedule," said Slobotta. "The carpenters last worked on the job Friday. They are needed to construct the forms necessary for pouring the concrete deck. If there is delay into cold weather it will be difficult to pour a concrete deck on a bridge structure."

One-Car Crash Injures 2 Men Near Perronville

Two young men remained in St. Francis Hospital today under treatment for head lacerations after their car left County Rd. 569 and wound up on a railroad track southeast of Perronville.

Douglas Boggs, 20, of Perronville, and Robert Bingman, 19, of Rte. 1, Bark River, were both reported in satisfactory condition.

State Police of the Gladstone Post, who are continuing their investigation of the accident, said a car driven by Boggs eastbound on County Rd. 569 slipped off the road on the right side, came back on the road and then ran off the left side, winding up on a railroad track.

Both injured men were taken to the hospital by ambulance.

State Police also said that David Doud, St. Ignace, was arrested for reckless driving about 6:15 p.m. on M-35 in Escanba. Officers said Doud was driving about 70 miles per hour in a 40 mph zone and made an improper right turn from the wrong lane in heavy traffic.

Daniel Johnson, Rte. 1, Rapid River, was cited for defective brakes and no chauffer's license.

Gardner Held For Auto Theft

Harold Gardner, 26, of Rte. 1, Bark River, who is awaiting trial in Circuit Court on breaking and entering charges, Monday was charged with auto theft.

State Police said Gardner was arraigned on the charge before Justice Edward Goldsworthy of Gladstone and bound over to the Circuit Court when he waived examination. Officers alleged Gardner drove away a car owned by Daniel Williams, Rte. 1, Cornell, on Aug. 9.

Arrow Order Meets Thursday

The Order of Arrow meets Thursday at the Bark River High School for a 6:30 p.m., pot luck supper in conjunction with the monthly Boy Scout roundtable. Scouts of the Delta-Schoolcraft area will be attending. Plans will be discussed for a weekend trip to Oshkosh for a 7-A conference. Sunday night members of the Order of the Axe and their wives met in Rapid River.

Rocky-Romney To Attend Reagan Care Conference

LOS ANGELES (AP)—Two of the eight governors invited to Gov. Ronald Reagan's three-day conference on medical care for the needy have said they will be there, an Associated Press checks shows.

They are New York's Gov. Nelson A. Rockefeller and Gov. George W. Romney of Michigan, who said he would spend "at least a portion of one day" there.

The conference, in San Francisco, is set for Sept. 20-22, and Romney plans to be there on other business Sept. 22-23.

Five State Men Killed In Action

WASHINGTON (AP) — Four Michigan Marines and one soldier were among 92 men listed by the Defense Department Monday as killed in action in Vietnam.

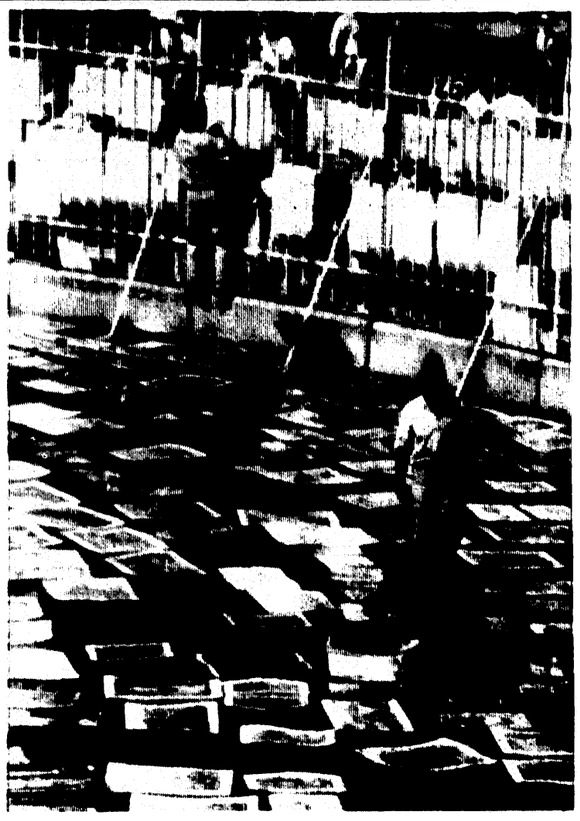
They were Army Sgt. Leroy J. Draby, son of Mrs. Mary J. Maleckas of Scottville; Marine Lance Cpl. Humphrey J. Price, son of Mr. and Mrs. William C. Price of Boyne City; and Marine Pfc. Jack E. Telling, son of Mr. and Mrs. Charles W. Telling of Port Huron.

Also, Marine Pfc. George A. Didaskalou, son of Arthur N. Didaskalou of Grand Rapids and Marine Pvt. David R. Miller, husband of Mrs. David R. Miller of Erie.

Hospital

Carl E. Brinker, 507 2nd Ave. N., Wells, is a patient at War Memorial Hospital, Sault Ste. Marie, room 274.

Jerry Martin, 1030 S. 16th St., Escanaba is a medical patient at St. Francis Hospital. His room is 228.



PRISONERS AT Illinois State Penitentiary find an escape from tedium by painting and over the weekend had their yearly sale of art works to the public. Two prisoners here place paintings on bars of fence where spectators can see them at close range while others remain on lawn awaiting display. An agent outside arranges sale of individual pictures and prisoner artists are allowed to keep financial proceeds. (AP Wirephoto)

Calendar Makes Uniform Opening Of Deer Season

By BOB VOGES

LANSING (AP) — Hunters will find some seasons liberalized and stiffer penalties for violations because of recent legislative actions.

A quirk of the calendar and not action by law-makers, however, provides for a uniform start of the gunning season for deer on Nov. 18.

The law provides that the deer season will open on the weekend nearest Nov. 15 in the Upper Peninsula and on the third Saturday in November in the Lower Peninsula. Both work out as falling on Nov. 18 this year.

Last year, the calendar made the Upper Peninsula deer season start a week ahead of the Lower Peninsula opener and some complaints resulted.

Crowding Gripe

One gripe was that hunters unfamiliar with the rigors of Upper Peninsula shooting, flooded into the area and many went home disappointed and without a deer. The early hunters then descended on the Northern Lower Peninsula, causing overcrowding at the favorite spots.

Hunters who go after the corn-fed deer in the Southern Lower Peninsula will be affected by two pieces of legislation.

One allows the Conservation Commission to take the traffic hazard created by deer on the highway into consideration when setting special sessions.

This should improve hunting opportunities in sections of Southern Michigan where there have been an increase in the number of car-deer collisions.

Quail Season

Aother bill created a hunting control committee to close areas where hunting might endanger persons or property. Townships concerned about danger from careless hunters will be able to petition for closed areas under this act.

Again this year, a 20-day quail will be allowed during the last 10 days of the regular pheasant season and 10 days after.

Michigan members of the Armed Forces get a break this year. Their furlough papers entitle them to free hunting, small game and fishing licenses.

Penalties Stiffer

For the first time beginning this year, the state has set a dollar value on illegally killed and bear can cost the illegal hunters $100 to $200 each in addition to a fine and costs. The minimum fee for other game birds and animals is from $5 to $10.

Cub bear are now off the list of legal targets to conserve the dwindling number of bear in the state.

Duck hunters should note that the law now states that the first person to occupy a duck blind has the right to use it. An owner still has exclusive right of hunting over his own submerged lands.

Mark Ice Shanties

Duck hunters will be required to remove blinds after the season is over to eliminate a possible litter nuisance and a danger of navigation.

Ice fishermen will be required to mark their shanties with name and address on all four sides with letters at least two inches in length.

Such shanties must be removed by Feb. 15 on Lake St. Clair and on other waters before the ice becomes unsafe.

Trenary

Mr. and Mrs. Tom Harris have returned to Milwaukee after attending the funeral of her grandmother, Mrs. Antonia Knaus.

Mrs. Mae Mills is a surgical patient in St. Luke's Hospital, Marquette.

Sunday School

Sunday school classes will be held each Sunday at 10:15 a.m. Members of the teaching staff are: Mrs. John Knaus, Mrs. Ruth Jacobson, Mrs. Esther Cauchon, Misses Linda Laurich, Diane Carlson, Marcia Ostanek andDennis Ylinen.

Mr. and Mrs. Edward Hendrickson and son, Ricky, have returned from Detroit where they attended the funeral of his brother, Delmar Heinett. He was a professional race driver and was killed at the Indianapolis Raceway Park, Sept. 1.

Mr. and Mrs. Elmer Raab were recent visitors in Milwaukee.

Mrs. Michael Argentino returned to Fresno, Calif., Sunday, after spending the summer at her home here.

William Argentino returns to Ferris State College, Big Rapids, next week, where he attends the School of Pharmacy.

Joyce Carlson, employed by the Postal Dept. in Menominee, will enroll as a freshman at NMU, Marquette.

Ford Calls For Brake Inspection

DEARBORN (AP) — Ford Division of Ford Motor Co. has notified its dealers to inspect 1,141 medium and heavy trucks for a possible defect in dash-mounted power brake boosters, the division said Monday.

Some brake boosters received from the supplier did not meet engineering specifications and a malfunction could cause loss of power braking assistance, the firm said.

Ford said only eight of the 1968 model trucks had been delivered to customers with the remainder in transit or in dealer stocks.

Briefly Told

The National Electric Code class, which Bay de Noc Community College announced would start tonight, will not start until Wednesday night. Registrations will be accepted at the first class.

The Licensed Practical Nurses Association will hold a meeting at the Delta Nursing Home at 7:30 p.m. Thursday. An informative program will be given.

The test date for the 22nd annual national competitive National Reserve Officers Training Corps examination has been set Dec. 9. Eligible high school seniors and graduates should submit their applications before Nov. 17. Information and application forms are available from local high school counselors and Navy Recruiting Stations, or from the Chief of Naval Personnel (Pers-B6411), Department of the Navy, Washington, D.C., 20370.

Boy Scout Troop 414 will meet Wednesday at 7 p.m. at St. Patrick's parish hall.

Kiwanis Hears From Coaches

A thumbnail sketch of the football scene at the two Escanaba high schools highlighted the program at the Kiwanis luncheon meeting on Monday. Coaches Jerry Cvengros of the Escanaba Area Public School and Tom O'Neil of Holy Name High School were the guest speakers.

Cvengros said that thus far this season everything has been very pleasant with his team. Although inexperienced, the team has performed excellently, he continued. A somewhat smaller team than in the past, they are blessed with greater mobility, Cvengros said.

Althrough they use three players that are 200 plus pounds, one is as light as 145 pounds, and the two halfbacks weigh 155 and 157. The line averages about 178, he said.

With only 12 seniors on the squad, the future looks bright, Cvengros stated. Assisting with the coaching duties are Jim Hirn and Dick Koski with the varsity, and Frank Miketanic, Roman Gill and Norm Panganis with the Jayvee squad.

Although the standings are just reversed over at Holy Name, Coach Tom O'Neil expressed his enthusiasm over the team's potential. O'Neal said his team is inexperienced and has made a few too many mistakes in the first two games. He also said that at many of the posts the young players had performed exceptionally well, and that with only 12 seniors on the squad, the fate of the Crusaders should improve with each game.

Besides the fact that some of key players have not been able to play because of injuries. O'Neil said he has never found better team spirit, even after the two losses. A win or two in the next couple games, could completely change things, he said.

Assisting O'Neil with the coaching duties are Doug Bovin and Ron Johnson with the varsity, Bob Dufour and John Kelly with the Jayvee squad, and Al Carlotta with the Freshman team.

Mrs. Edith Olsen, who is in charge of the blood procurement program for the Red Cross, showed a slide presentation of the uses of blood that has been donated, and the simplicity in giving blood. She said the Bloodmobile is in Escanaba at the Teamster's Hall on Tuesday and Wednesday.

Sanitary Sewers To Be Installed On Two Streets

GLADSTONE — Sanitary sewers will be installed on N. 16th and N. 17th Streets, ending a lengthy struggle by many of the proeprty owners in the area.

The City Commission Monday accepted the bid of Reimer Brothers, Lapeer, Mich., in the amount of $36,367.

City Manager H. J. Henrikson said work will begin as soon as minor details of the project are ironed out.

Property owners were notified of the cost per foot and were asked to indicate their approval or disapproval in a reply to the city. Twenty-seven property owners on N. 17th St., received cost figures and 10 replies were in favor, 10 were against and seven failed to acknowledge.

On N. 16th St., eight property owners are involved. Only one replied in favor, two rejected the proposal and five failed to respond.

Action Unanimous

Cost per 100 feet will be $983 payable in a five-year period, however, Henrikson said, the new charter, which is being prepared by the Charter Commission, provides for a maximum 20-year payment plan for assessments. Should the proposed charter be accepted in an election, this would apply to the assessment, Henrikson said.

Tom Butch, acting as City Attorney in the absence of Clair Hoehn, said that this could be done, but that it should be written into the motion to accept the bid should the charter be approved by election.

Commissioner Arne Anderson said he felt the commission had arrived at a crossroads and must take action immediately in view of rising costs and labor. He said he would assume that the 12 who did not respond to the cost estimate questionaire were not wholeheartedly against the proposal, thus making it a majority in favor of the project.

The Commission voted unanimously to accept the bid and proceed with the work.

Site Approved

The Dakota and 4th Ave. site for the proposed low-cost housing project was approved as recommended by Robert Draper of Chicago, project planner of the U. S. Housing Assistance Administration. The Gladstone Housing Commission also had approved the site proposal.

In other business, the city manager was asked to work out a reasonable rental fee for space in the industrial Park occupied by the Highway Dept. The city has been requested to maintain the building and to make this adjustment in the rental.

Commissioner Delbert Nelson was elected Mayor Pro-Tem to fill the vacancy caused by the resignation of Commissioner Gene Kee.

City firemen will be furnished with raincoats over and above their $60 clothing allowance. The raincoats will remain the property of the city.

WFRV-TV Supported

Jack Foster of Escanaba spoke in favor of WFRV-TV asking for support of the proposed WFRV-TV satellite station on Channel 3. He said Northern Michigan University had asked use of the channel for educational purposes, but since Channel 3 had been assigned to the Escanaba area 19 years ago, service to local viewers would be enhanced by the satellite operation.

The Commission went on record in support of WFRVTV and asked the city manager to communicate the support to the proper authorities.

Several property owners on the bluff asked to have improvements made to a well in order to provide adequate fire protection as well as general use for residents of the area. The matter has already been referred to Northern Michigan Engineers of Escanaba for study.

Commissioner George Young asked to have a sign directing traffic to US-2-41 and M-35 placed at the stop sign at Delta Ave. and 9th St. He said tourists coming into Gladstone seemed to have trouble returning to the highway. The Commission agreed to have the sign installed.

Fiddleheads are the tender green sprouts of several species of fern. The tightly rolled young fronds resemble the scroll of a violin, and they taste delicious.

Sav-Mor Host To Big Circus

Tigers, lions and other animals of the circus world, life size and electrically powered and animated, will make the Sav-Mor IGA Foodliner at 306 Stephenson Ave. an entertaining place for shoppers for the next two weeks.

The many animals (about 60) are part of the Armour & Co. animated circus that has received international recognition. Many of the creatures are life size and all were made in West Germany.

The lifelike appearance and motions of the seals, bears, lions and other circus animals has won attention wherever they are shown. The "circus" at the Sav-Mor will open on Wednesday and continue for two weeks.

Casimir Milkiewicz, proprietor of the Sav-Mor, said that free balloons and suckers are being distributed to the children.

In addition to the circus animals there are a number of other figures — robots that move their arms and heads in continuing electric-powered animation, and startle viewers by their grotesque attitudes.

The Armour Robot Circus was set up today by a team of workmen from Minneapolis and when the "show" is completed here it will continue on its tour of the country.

Chaffee Story

GRAND RAPIDS (AP) —Kregel Publications of Grand Rapids says it plans to publish a biography of Astronaut Roger B. Chaffee, who died in a fire aboard an Apollo space craft at Cape Kennedy.

Kregel said publication is set for Jan. 27, 1968, the anniversary of the tragedy which claimed the lives of Chaffee, a native of suburban Wyoming, and Virgil Grissom and Edward White.

Imported Cars Set Sale Mark

NEW YORK (AP) —Imported cars are moving up fast in the nonstop race for the American automobile dollar.

The imports had their best-ever sales month in the United States in August. Deliveries hit 74,000 cars, breaking the previous record of 71,000 set in June. August was the sixth consecutive month imports set a monthly sales record, and the 74,000 figure was a 28 per cent jump over the 58,000 imports sold in the same 1966 month.

Thus far this year the imports have taken nearly 10 per cent of the U.S. auto sales market, up from last year's 7 per cent but still behind the record high of 10.2 per cent set in 1959. Import sales through August this year totaled 500,000, up 19 per cent from 420,000 the year before.

With Ford Motor Co. knocked out of the race by a strike that has halted its 10,000-a-day production of cars and trucks, the imports may penetrate the American market even further. But none of the leaders currently has plans to bring in more autos.

Integration Slip Found In Detroit

WASHINGTON (AP)—A government-sponsored study of racial integration in the Detroit area has concluded that segregated housing is increasing rather than decreasing.

The report was prepared by Ralp V. Smith, University of Cincinnati sociologist, and three University of Michigan professors on the basis of data collected in 1965 for a broader study conducted by Eastern Michigan under a $136,000 grant from the U. S. Office of Education.

The separate report found that Negroes were concentrated in compressed areas in Wayne, Oakland and Macomb counties embracing about 14 square miles, while the virtually all-white neighborhoods covered 48 square miles.

It found a relationship between segregated housing and lack of what it called substantial interaction between racial groups in social clubs and civic associations which constitute forces in community affairs.

Ten per cent of the white households of the greater Detroit area were found to fall within the poverty classification, as compared with 28 per cent of the Negro households.

On the basis of a poll, the investigators found that 30 per cent of the white residents would not object to an upper upper class Negro, specifically a physician, as a next-door neighbor. Although race was the governing factor with some whites, the poll indicated that white residents were more motivated by social and economic factors in their choice of neighbors.

The 1,175 interviews showed stronger support for the public schools among Negroes than whites.

They said 70 per cent of the Negroes would support an increase in local school taxes, compared with 48 per cent of the whites. Negroes without children were stronger in school support than whites with children.

Negro optimism about the future of their children was as great as those of whites. A high percentage of Negro parents aspired for their children to enter professional and clerical careers. Only 6 per cent of the Negroes and 5 per cent of the whites expressed the ambition for their children to become skilled blue collar workers.

DOG OF THE YEAR, according to an annual contest sponsored by a dog food company, is a 180-lb. St. Bernard named Mijo, from Anchorage, Alaska. Mijo swam to the aid of her 13-year-old mistress, shown here. When a mud slide plunged the girl into chin-deep water, her feet stuck in the mire. As Mijo reached her the girl seized the dog's collar and the dog pulled her free of the mud and towed her to a nearby bank. For her heroism, Mijo's awards included the Ken-L Ration gold medal, a gold-plated leash, a $1,000 U. S. Savings bond, a year's supply of dog food, and a dinner in her honor in Chicago.

In Service

Wayne A. Juhl, 20, of Willow Creek Rd., Escanaba, was promoted to Army Spec. 4 in Vietnam, where he is serving with the 87th Engineer Battalion near Cam Ranh Bay. Juhl, a tool room keeper in the battalion's Company B, entered the Army in Nov., 1966. He was stationed at Ft. Leonard Wood, Mo., before arriving overseas in April 1967. Spec. Juhl is a 1966 graduate of Escanaba Area High School. Before entering the Army, he was employed by the American Concrete and Pipe Company in Milwaukee.

Oldsmobile Stress Is On Economy

BLOOMFIELD HILLS (AP)— Oldsmobile showed off its 1968 models to newsmen Monday and the accent was on economy rather than horsepower.

"There is a great deal of evidence that a larger segment of the car driving public is becoming increasingly interested in operating economy," said Harold Metzel, Oldsmobile general manager.

Metzel said Oldsmobile's answer to this is new high torque engines, lower axle ratios and a wide range of optional engines using regular grade gasoline.

Wake Up Your PERISTALSIS And Be Your SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed.

The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis.

So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best.

Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you. 49¢.

Full-Case Policy Eased In Lower Peninsula Areas

LANSING (AP) — The Michigan Liquor Control Commission Monday announced a temporary modification of its controversial new full-case-only policy, applying to about two-thirds of the state's 10,000 liquor licensees.

The modification, efffective during October, applies to the Flint area and to the commission's District 1—Wayne, Monroe, Lenawee, Oakland, Macomb, Washtenaw and St. Clair counties.

Under the temporary policy, take-out stores in those areas will be able to order split cases of slow-selling whiskey and some wines up to 10 per cent of their total orders. On-premises licensees will be permitted to order split cases.

The split-case orders will be restricted to quarter-case and half-case quantities, and all licensees will be required to buy only full cases of the 20 highest selling brands and of all wines that retail for less than $30 a case.

The commission, as an economy move, had announced that it was restricting all licensees to full-case purchases. Bar and store owners objected that such orders would tie up too much of their money in unneeded stock.

New Jersey, Michigan and North Carolina are the nation's top producers of cultivated blueberries.

Income Tax Credits

This newspaper endorsed the income tax enacted by the last session of the Michigan Legislature on the basis that it would introduce an ability to pay factor into the state's tax structure.

In endorsing the reform it expressed concern about the inevitable efforts to enlarge this new tax. The process has begun already and the first returns from the tax have not yet been collected.

The tax becomes effective on personal incomes (2.6 pct.) on Oct. 1 and on corporations and financial institutions on Jan. 1, 1968 (5.6 and 7 pct. respectively.)

* * *

In its instructions to employers about withholding from employes pay the Michigan Revenue Department has provided forms for workers to establish their number of exemptions.

The weekly withholding of pay for a man with wife and two children (four exemptions) starts with 3c on $92 of income and goes to 23 cents at $100; $1.53 at $150, $2.83 at $200 and $5.40 at $300 of income.

The withholding tables make allowances for individual exemptions but there's no provision for property tax, rent or local income tax credits, the Revenue Department states. It says it couldn't translate the Legislature's call for such credits into a calculation for withholding. As a result it expects that as many as two thirds of the estimated 3 million income taxpayers of the state will ask for refunds next year. But the only basis for refunds in the spring of 1968 will be error or excessive withholding.

* * *

The Revenue Department said of the property tax credit, which was one of the factors that helped sell the income tax to the Legislature, that it knows of no way to devise a withholding factor that will satisfy the law. It cited an example of two men with $10,000 income, one with a $12,000 house subject to low property taxes and one with a $25,000 house in a bedroom community with school problems and very high property taxes. How, it asked, could it be fair to both men, receiving the same pay, but with such varied property tax burdens, under a tax relief formula based on property taxes?

Experience may provide the means of working out some reasonable averages for tax credits, the department suggested, but for now it's in a bind. Most other states with credits fix them at specific dollar sums per person as offsets against payment of sales taxes. Michigan was unique in prescribing a complex system of credits in order to satisfy many objections to the income tax. When it finally got enough agreement in the Legislature to enact the tax it had such a mishmash of credits that the State Department of Revenue can't apply them.

* * *

The results will be more taxes than anticipated, more red tape in trying to get refunds that won't be granted — not immediately at least — and more disbelief in government, because it promised these deductions to the people in enacting the tax.

This newspaper thinks that the situation still is an improvement over the one it replaces, with the impossible old business activities tax eliminated. The credits can be reduced to formulas or offsets and will be eventually if the public does not accept elimination of some of the credits now being talked about in the Legislature. Cutting of the $1,200 individual exemption to $600 is being discussed.

* * *

Forgotten in this trouble is the employer, who is here handed one more unpaid job to do for the government. Not only will it cost him money to make these deductions from his employes' pay and to send them along to the state, but in this muddled instance of the state government's failure to keep its promise to the public on deductions, he will be further subject to employe displeasure as the instrument of a deceit.

Opening lead—♠ A

There are so many ways to lose at bridge it is a wonder that anyone manages to win. One of the most painful ways we know is to fumble up problems every time it is your turn to play.

West was one of those unfortunates. East knew it and was prepared to do his best to make things easy for West. Therefore, East raised to two spades with only three trumps and didn't show his six-card heart suit. East only held seven high card points and his heart suit was tenspot high so his spade raise was normal enough.

South's jump to five clubs came as a shock to West but left him no course but to pass. West could not double and certainly did not want to go barging into five spades.

East might have worried but East wasn't a worrier. He doubled.

It was up to West to lead and West gave that problem the full treatment before placing the ace of spades on the table.

East did the best he could to ask for a spade continuation. He played his five spot. South played his nine. He hoped that West would shift but felt the play of the ten would be more likely to encourage a spade continuation.

Now the wheels started to turn around in West's head. He still missed the king, ten and four of spades. Obviously East held the four so his five had to be some sort of signal.

That would be enough for most players and the spade suit would be continued but that would have been too simple for West. If East held the ace of hearts, a heart shift would be the killing play, so West led the queen of hearts.

South won with the ace and a diamond, finessed dummy's queen, discarded his ten of spades on the ace of diamonds and made his contract.

♥♣CARD *Sense*♠♦

Q—The bidding has been:

West	North	East	South
	1 ♣	Pass	1 ♥
Pass	2 N.T.	Pass	3 ♣
Pass	3 ♥	Pass	3 N.T.
Pass	4 ♦	Pass	?

You South, hold:
♠K 9 ♥A J 5 4 ♦4 3 2 ♣K 10 7 6
What do you do now?

A—Bid six clubs. Your partner is clearly trying for a slam in clubs and you should oblige him by bidding it.

TODAY'S QUESTION

Instead of bidding two no-trump, your partner raises you to three hearts. What do you do now?

Answer Tomorrow

"Just in the Interest of Sportsmanship!"

Jokes On Commies Make Czech Life A Bit Gayer

This is the second in a series of articles by Donald E. Miller of Ann Arbor, who spent 14 months in 1964 and 1965 traveling in Europe and attending the University of Zurich.

By DONALD E. MILLER

One hears many jokes in Czechoslovakia these days. One in particular impressed me. It goes:

An old man happened to be speaking one day with a bureaucrat in the Economics Ministry. The bureaucrat was happy and excited. "New times are coming to Czechoslovakia," he exclaimed. "We are going to have a new five-year plan for the consumer, and this will mean you will be able to buy anything you want when you want it. There will be new times for Czechoslovakia. You will see."

Heard Promises Before

The old man was skeptical. He had heard such promises many times before, and none had ever materialized. But he quizzed the bureaucrat. "You mean to say that if I went into a department store and asked for a Size 39 suit, they would have it?"

"But of course," said the bureaucrat, "of course."

"But *suppose*," said the old man, "I wanted a Size 42 suit and not a Size 39. Would they have that too?"

"Absolutely," said the bureaucrat, confidently.

Make Life Easier

"And would they have a Size 40 or Size 41 suit as well?"

"Naturally," exclaimed the bureaucrat, "these will be new times for Czechoslovakia."

"New times, heh," said the old man smiling. "That's what it was like in Czechoslovakia before communism."

Czechs smile when they hear the punchline. Such jokes exist there are many of them, make life a little easier. For life in Czechoslovakia for the average person, though it is getting better, is not easy.

"In Czechoslovakia today," an educated Czech told me recently, "even the simplest things become complex problems."

I soon saw what he meant. Some hours later, his wife came home with a package under her arm.

A Jacket For Son

"I see you got something," my friend asked quizically.

"Yes," she answered, "it's not the right size or the color I wanted, but it's something!"

This "something," it developed, was a jacket for their eight-year-old son. Four weeks ago, they told me, the news had spread around town that the department store would receive a limited supply of boy's jackets in about two weeks. Two weeks passed, and to no one's surprise, no jackets showed up.

But two weeks later, the jackets did arrive — in a more limited supply than was generally supposed. In the ensuing shopping frenzy, the women grabbed what they could get.

"The important thing," my friend's wife repeated," was that I got something."

Gaze In Semi-Disbelief

Scarcity of choice of consumer goods, and sometimes even the scarcity of the goods themselves, is a fact of Czech life, and people have been conditioned to it. Even when Czechs travel abroad and see plentiful stocks of everything in the stores, they gaze in semi-disbelief.

A Czech walking into an Austrian department store, I was told, will always ask the clerk, "Do you have . . .", and not "I would like," much as he is used to doing in Czechoslovakia.

It is always a surprise for him to learn that not only does the store have it, but that it is stocked in different shapes sizes, colors and prices. And sometimes, he finds it hard to make decisions under these completely new and different circumstances.

The Westerner's reaction to a society of scarcity of choice, is just as interesting. I was obliged, as a Westerner in Czechoslovakia, to spend three dollars a day, but since my hosts wouldn't permit me to spend money on room, board, etc. I decided to spend this money, which amounted to 30 dollars, for souvenirs.

Building Lags

It took me three mornings, shopping three hours each morning before I could spend this money to my satisfaction. I had never before had such a difficult time spending money.

Living quarters in Czechoslovakia are generally very cramped, and the waiting lists for new apartments in the many new housing projects springing up are very long. Building still lags behind need.

And because the salary of one person will rarely carry a family beyond the subsistence level, over 70 per cent of the married women work.

Life Under The Nazis

Yet, life in Czechoslovakia is not easy, it is not now as hard as it was, and it is getting better.

People today have more than they have ever had, they want more, and they have at least some hopes of getting more. The older people remember what life used to be like under the Nazis, and the younger people have known no other life.

This preoccupation of the older people with life under the Nazis and an almost absence of comparison with any other life for the younger people offer some insights into the feelings of Czechs about their life today.

I recall an after-dinner conversation with a married couple in their 40s. As a guest, I felt it impolite to begin the conversation, so I let them begin it. This they did — and for the first 20 minutes that evening, we spoke about concentration camps.

"Do Americans talk about them often today?" I was asked. "Did we know very much about them?" "Would I like to see some pictures?" (I didn't but said I would.)

As I thumbed through the book, I turned to the front pages on a sudden impulse to see in what year the book was published. It was published in Prague in 1964.

Constant Reminders

I learned that memory of the Nazi occupation, from 1938 to 1945, is still fresh.

Many Czechs from Budejovice who were between 18 and 25 during those years — today, these are the parents, the older generation — had been sent to work camps in Germany and Austria.

They will never forget those years.

"It was terrible," one man told me. I could see from his eyes that it was.

This suffering is documented and described effectively today through government propaganda. On radio and TV and in books, magazines and newspapers, Czechs are reminded constantly of what life was like during those years, and by implication that life today, if not ideal, is at least peaceful and improving.

Hungarian Revolution

This generation of Czechs are realists and are pretty certain that if life is to be better for them in the future, it will most probably be a life under communism.

What other choice is there for them? They still remember well the sad lesson of the Hungarian revolution of 1956, which was put down by Russian tanks while the free world shuddered — but did nothing.

Two conclusions present themselves to me.

One — the finest thing about Czechoslovakia is its people — brave, sincere and warmhearted.

And two — Czechoslovakia is a nice place to visit but I wouldn't want to live there.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

The Penny Milk program, whereby school children may purchase a half-pint of milk daily for one cent, was put in operation in Delta County schools.

* * *

Pfc Robert Moreau, son of Mrs. A. J. Moreau, 311 S. 9th St., Escanaba, who was stationed at Dutch Harbor, Alaska, when the Japanese flyers attacked that naval base on June 3 and 4, arrived in Escanaba yesterday to spend a 15-day furlough.

* * *

50 Years Ago

Robert Smith, 19 year old Calumet resident, came here yesterday and applied for enlistment at the recruiting station, but when asked to disrobe for the physical examination, admitted that his real name was Mary Smith. Miss Smith claimed she wanted to join the army so she could be with her sweetheart in France.

* * *

Delta county contributed $4,443.25 to the Y. M. C. A. fund in the recent campaign carried on in the peninsula. The county ranked third in all of the Upper Peninsula counties.

RUPPE REPORTS

The House of Representatives approved a $2.8 billion foreign aid authorization bill. The vote on final passage was 202 to 194.

My vote was against the bill. In voting "no" I was reflecting my concern for the program's lack of concrete priorities and the whopping deficit the Fedeal Government faces this year. I personally agree with the objectives of the foreign aid program which are, in the words of Representative Robert Taft, Jr., "to strengthen our Nation and work toward a free and peaceful world". But as Taft said, "the traceable relationship of present U.S. aid policies to progress, toward or away from the goal, is not particularly discernible . . . obfuscations of bureaucary and unsubstantiated results, plus inconclusive participation of recipient countries and of our supposed allies, seem to multiply rather than recede. As a result, the entire picture of our participation in foreign aid seems a discouraging one."

My unhappy conclusion after reading reports and documents available was that foreign aid is potentially a valuable tool of our international policy, but the present program is largely defective. In many instances underveloped nations are receiving money they cannot effectively absorb. Too much of the money absorbed is squandered. Since the Nation is faced with a tremendous economic drain from the Vietnam war, and an overwhelming need for reducing the Government's growing budgetary deficit, I could not justify supporting this type of program.

The session on the foreign aid bill lasted until 4 o'clock in the morning. I supported amendments to harden U.S. policy toward nations trading with our enemy while American boys are engaged in combat. One amendment prohibited ships or ship captains engaged in trade with North Vietnam or Cuba from docking in U.S. ports. Another placed a ban on all forms of assistance to nations trading with North Vietnam and removed the "most favored nation" tariff status from poland until it is determined that Poland no longer is providing war material to North Vietnam.

The vote on final passage was the closest in years on a foreign aid authorization bill. Perhaps the Administration will take the hint that the American people, through their elected representatives, are becoming increasingly dissatisfied with the present foreign aid program.

Ann Landers

It's Time To Stop Talking; Get Busy

Dear Ann Landers: I am 16 and getting to hate my older brother who is 18, not because of anything he has done but because people keep comparing me to him and throwing him up to me.

Steve is smarter than I am and I know it. He has been on the honor roll ever since I can remember. I am an average student—mostly B's and some C's. Whenever report cards come out my dad says to Steve, "Honor roll again. Well, I expected it." then he turns to me and says, "If Steve can make the honor roll why can't YOU?"

Steve didn't date until a few months ago. My folks think I'm a sexmaniac because at age 16 I like girls. Whenever I say I have a date I get a small lecture on how Steve didn't until he was 18 and maybe that's why he makes better grades.

It isn't only my folks, it's the teachers, too. When I made D on an important exam my math teacher said, "Apparently your brother Steve got all the brains in the family." I felt like two cents waiting for change.

I hope you will give me some advice on how to handle this problem. And maybe if you'd print my letter it might help some other kids. There's got to be plenty of guys in this world besides me who have smarter older brothers. — INFERIOR SON

Dear Son: I wish all parents and teachers who do this terrible thing to their children could be rounded up and seated in one large arena and be given a blistering lecture. But no arena could hold them all because they run into the millions.

Comparing kids is cruel, and it accomplishes nothing except to increase hostility and take the starch out of the ones who don't do so well. Some kids become completely crushed by comparisons. They give up completely and refuse to do one blamed thing. This insures them against suffering from comparisons.

To you, I say, forgive your parents and teachers for their ignorance. Measure your efforts against your own standards, which of course, should be high enough so that you will have to put forth your best efforts.

* * *

Dear Ann Landers: I am 26 years of age and have been married for three years. My husband is 35. I want a baby so bad I can hardly stand it. My husband says, "Absolutely no children."

When I ask him "Why" he says things like this: "You are too dumb to be a mother. You would probably leave the baby somewhere."

I think the real reason he doesn't want a family is because he is too immature to accept the responsibility. Also, he is quite vain and enjoys thinking of himself as Perpetual Youth.

I know I would be a wonderful mother, Ann, and I'm willing to bet that my husband would be a good father, once he had a family. He's fine with other people's children. Please tell me what you think about this situation. How can I get his approval? — G.C.

Dear G.C.: You don't need his approval, honey. All you need is his biological cooperation. And by the way, what did you two talk about when you were going together?

A wife who wants a family should not be denied this fulfillment. Stop talking and get busy.

* * *

Drinking may be "in" to the kids you run with — but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze and You — For Teen-Agers Only." Send 35c in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

BARBS

By PHIL PASTORET

In designing the cosmic scheme, someone goofed when they put mornings so close to bedtime.

* * *

What does a fast-growing business do? Mushroom, of course. Now, let the headline writers try to describe what's happening to the growth rate of the mushroom industry.

* * *

Everyone is pulling for that poor nephew of the boss to be named manager of the Madagascar office.

* * *

The fellow who tells you his wife is a dear, old gal isn't necessarily deeply in love. He may mean she's expensive, though aging.

Has two bulbs, ideal for basement or garage ..... NOW 9.99

Grizzlies, Fires Enliven Escanaban's Park 'Job'

An Escanaba girl was thrust into the midst of double trouble this summer on a "working vacation" in Glacier National Park, Mont.

First it was the danger of forest fires, then killer bears.

Both situations, she said, worried park employes.

Gale Matheson, 20, daughter of Mr. and Mrs. Glenn Matheson, 424 S. 16th St., will begin her junior year at Carthage College, Kenosha, Wis., in a few days, but for three months this summer she was an assistant housekeeper for Swift Current Motor Inn at the park.

The lodge, she said, is about eight miles from Granite Park Chalet where one girl was mauled and killed by a grizzly bear and in the basin of a valley which in 1936 was decimated by another fire.

Gale Matheson

Kept Bags Packed

It was the threat of another 1936 that forced employes to "keep their bags packed" for two weeks waiting to be evacuated, she said, and the danger of more marauding bears that forced park rangers to close hiking trails and ban all overnight camping.

One theory, in fact, even relates the two problems.

"All of July and August were very dry," Miss Matheson pointed out. "A week or so before the attacks by the bears, thunder storms started the fires and some thought that the fires had driven the bears from the thicker part of the forests."

Another explanation offered, she said, was the nearness of the fatal campsite to Granite Park Chalet.

Near Garbage Dump

"Granite Park is about eight miles up in the mountains," she continued. "There is no way to get up there except by horseback or on foot and there is no way of disposing of garbage, so the manager had it all thrown in one certain area.

"The bears would come to see what they could find and the place the kids were camped was just on the other side of the hill from the dump."

Since the incident, she said, Granite Park Chalet has been closed.

A 1965 graduate of Escanaba Area High School, Gale said she decided to apply for a job in the park after seeing how beautiful the area was when on a family vacation five years ago. Applications are made to Glacier Park Co., Tuscon, Ariz., which hires about 800 employes each summer to work at the various park service facilities.

Job assignments are made on the basis of previous experience and individuals talents, but wages, she said, are not very high.

Job Is Vacation

"It's more of a vacation and a chance to see the country," she pointed out. "Some maids, for example, work for 27 cents an hour."

Gale said she worked an average of only four or five hours a day supervising maids, so she had plenty of free time to see the park, the state of Montana and part of Canada.

"There is no method of transportation, though," she smiled. "The only way you can get around is by hitch-hiking. I didn't think I'd see the day when I'd start hitch-hiking, but we all wore signs that said we were Glacier Park employes and I met some real nice people."

Despite the enjoyments of the park, though, Miss Matheson said she didn't think she would return next summer.

"Next summer I'd like to go East to work," she said. "I'd like to see that part of the country, too."

Market Posts Moderate Gain

NEW YORK (AP)—A Stock market rise strengthened early Tuesday.

Gains outnumbered losses about 3 to 2 and the Dow Jones Industrial Average increased its initial rise, moving ahead about 2 points.

Among actively traded issues, International Minerals and Chemical was ahead about 3 while gains of about 2 were made by Flying Tiger, United Air Lines, Getty Oil and Avnet.

Advances of a point or so were scored by Parke-Davis, American Cyanamid, Eastern Airlines, Ford, Boeing, General Dynamics, Du Pont, Eastman Kodak and others.

Steels recovered slightly. Fractional losses were scattered throughout the list of leading issues. Many were unchanged.

News that Chrysler's line of 1968 cars would go on sale this week at higher prices was credited with some of the buying in that stock.

The inflationary implications of Chrysler's price rise and others, as well as the record for retail sales in August, furnished an encouraging background for the market.

Drunken Drivers Go Unpunished

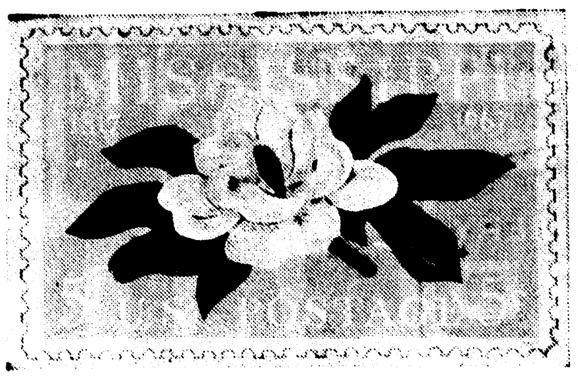
BOSTON (AP) — The Massachusetts registrar of motor vehicles says very few drunken drivers in Massachusetts are ever found guilty in the courts and punished.

Registrar Richard E. McLaughlin said that only about 6,000 of an estimated six or seven million drunken drivers in the state are brought to trial each year.

About one-third of those brought to trial are acquitted, he said.

Oliver Is Speaker

GRAND RAPIDS (AP) —Gordon E. Oliver, sanitary engineer for the Michigan Department of Public Health, is to address a conference of the Michigan section, American Water Works Association, Sept. 20-22. Representatives of more than 700 water systems serving Michigan cities, townships, Counties and districts are expected to attend the three-day meeting in Grand Rapids.



STATE'S BIRTHDAY is commemorated in the design of a 5-cent postage stamp announced recently by the Post Office department. The magnolia, state flower of Mississippi, adorns the stamp printed in celebration of that state's 150th anniversary. A brownish-tinged flower is shown against a light blue-green background. The stamp will be issued with first day ceremonies Dec. 11 at Natchez, the first territorial capital.

Solons Wary Of Morse Proposal For U.N. Action

WASHINGTON (AP) — A proposal to put Congress on record urging United Nations action on the Vietnam conflict faces an uncertain fate in a Senate divided over war policies.

Chairman J. W. Fulbright, D-Ark., said he will schedule Senate Foreign Relations Committee hearings on a resolution by Sen. Wayne Morse, D-Ore., advising President Johnson to ask the U.N. Security Council to call for a cease-fire.

Fulbright declined in an interview to say whether he thinks the resolution—which outlines the thinking of about 20 senatorial critics of Johnson's policies—would ever get Senate approval.

One stumbling block to the Morse proposal is its built-in commitment for the United States to accept and carry out any action the Security Council might direct. Even those who have been urging U.N. action are wary of such advance pledges.

The Morse resolution would have Congress say Johnson should appeal to the Security Council, or to the General Assembly if the former failed to move.

It would have no binding effect on the President, but if ever brought to a vote, might serve as a kind of congressional referendum on Johnson's Vietnam policies.

Morse told his colleagues Monday that recourse to the United Nations may not produce tangible results. But he added: "The United Nations deserves a chance. It can't do worse than we have done in bringing peace to Vietnam."

Cool Customers

DETROIT (AP) —Cool customers are what American Motors Corp. will get when the firm sells its 1968 Ambassadors. The line will include air conditioning as standard equipment, the firm said Monday. An AMC spokesman said the Ambassador is the first complete U.S. passenger car line to offer this feature as standard on all models.

Coffee Can Fund Aid For Needy

INDIANAPOLIS, Ind. (AP) — Police dipped into their "coffee can" fund for $25 and bought groceries for a mother and three children found in need of food and better living quarters.

Officers, called to the mother's home when a fire was reported, also said more suitable housing would be sought for the family.

The fund is used by police to help destitute persons in emergencies. It is maintained through contributions from private donors.

Guardsmen To Drill In Escanaba 'Riot'

Civil disobedience will come to Escanaba for the first time this weekend, but unlike the Detroit riot, this won't be for real.

The bullets will be blanks, the rioters won't play for keeps and private property will be respected.

Capt. George Anderson, commander of Co. E, 107th Engineers, Michigan National Guard, said today that a section of north Escanaba will be sealed off by guardsmen in riot training drills from 9:30 a.m. to 5 p.m. Sunday.

The riot zone includes that portion of the city north of No. 2 fire station between Stephenson Ave. and Sheridan Rd. to a point about a quarter mile north of the Chicago & North Western ore dock.

About 100 National Guardsmen from Co. E and the 1437th Float Bridge Co. are expected to participate in the drill, which is a part of the 30-hour training in riot training ordered for all Michigan guard units after the Detroit disturbance.

To Use Blanks

"Guardsmen will be seen on and off the streets, armed with rifles, bayonets and at times with gas masks," Capt. Anderson said. "Do not be alarmed. No gas will be used near any private areas and all rifle firing will be with blank ammunition."

Anderson said Guardsmen have been ordered not to trespass on private property unless approval has been received in advance from the property owner.

"Should any public violations occur, we ask that they be reported to the City Police at once and correction will be made by police and National Guard officers," he said.

The commander added that some practice fire calls and police calls will be made in the area, but that all action will be controlled strictly by local and guard officers.

Orders Listed

The following orders have been issued to guardsmen participating in the drills:

1. No one will trespass on any private property, unless cleared through headquarters;

2. Extra care will be taken by anyone using blank ammunition to not fire within 20 feet of any person, building or auto. Strict control must be had for sighting of weapons, loss of blank ammunition and discard rounds.

3. No chemical agents will be be used on any exericise near civilian homes. Smoke or gas grenades will be used only on approvel of the officer in command;

4. All vehicles in riot training areas will obey all civil traffic regulations, along with convey regulations;

5. Patrols or individuals sent to riot training areas will be briefed before departure for knowledge of complete situation;

6. Civilian traffic in riot training area may be stopped, only to inform civilians of training program in progress, but may not be held for an unreasonable length of time.

Police Cooperate

The entire exercise will be conducted in cooperation with Escanaba police and fire departments. The guard will operate out of a command post set up at the U.P. State Fairgrounds.

Anderson said guardsmen will be used to serve as simulated rioters, snipers and unruly groups and will "generally harass" troops in the area. The "rioters" will be stationed in the area in advance.

Urban Steinmetz Named To Board Of Directors

Urban G. Steinmetz, executive director of the Upper Peninsula Family Life Bureau, returned Sunday from Washington, D.C., where he was elected to the Board of Directors of the National Catholic Family Life Bureau.

This Board is an advisory board composed of eight directors from throughout the United States to serve for a one-year term. Steinmetz is the only lay member. While in Washington, he attended the conference on abortion.

Bat Stowaway

SALT LAKE CITY (AP) — A three-inch-long bat flew both toward and away from Salt Lake City—aboard a Western Airlinesplane. The tiny mammal flew up and down the aisle of the plane until a passenger stopped its flight with a pillow.

The "stowaway" was taken to the Salt Lake City Animal Shelter.

U.N. Observers Quiet Canal Duel

By The Associated Press

Israeli and Egyptian guns dueled across the Suez Canal today after Egypt's antiaircraft guns opened up on one of two of Israel's planes U.N. truce observers quickly arranged a cease-fire.

The shooting broke out near El Qantara in the northern section of the canal. Israel said the Egyptians opened fire on one of its planes flying over Israeli-occupied territory.

An Egyptian communique said two Israeli Mirage jets violated Egyptian air space and "our fire forced them to flee to the east bank of the Suez Canal."

It was the first clash between the two countries since an artillery duel at the southern end of the canal Sept. 4.

In another development, the U.S. Navy was looking into an Algerian charge that three American minesweepers and a tender violated Algeria's territorial waters by cruising within seven miles of the coast off Cherchell, 50 miles southwest of Algiers.

Sailors on Algerian boats identified three of the ships as the Exultant, the Fearless and the Fidelity, the official Algerian press agency said. The U.S. Navy said three ocean minesweepers by those names are attached to the U.S. 6th Fleet in Mediterranean waters.

The protest from President Houari Boumediennes government, which broke relations with the United States after the Arab-Israeli war in June, was handed to the Swiss charge d'affaires in Algiers Monday for relay to American officials.

Legislators Are Working Harder And Better Paid

CHICAGO (AP) — State legislators are working harder these days than ever before — and in most cases, drawing better pay.

An Assooeiated Press survey focused on changes in the last 10 years shows:

In some of the bigger states legislating is becoming pretty much a full-time career, with incomes ranging up to $21,000.

Pay or fringe benefits, or both, have risen in 31 states.

But in some states lawmaking still is a part-time job at token pay.

Legislatures in 24 states now meet in annual sessions instead of on the old every-other-year schedule. Several are moving toward annual sessions.

Most states have had series of special sessions in the last 10 years — as many as 15 in California, 11 in Mississippi, Maryland and Louisiana, and 10 in Florida.

Rcord Sessions

This year sessions set records by running 217 calendar days in California, 175 days in Iowa, 157 in Oregon, 149 in North Carolina and 110 in South Carolina.

The work volume also is increasing.

In the session in Massachusetts, for example, more than 5,100 bills have been filed in the House and more than 1,300 in the Senate.

There are many reasons for the heavier work load — such fundamental issues as reapportionment and the ceaseless scratching for more money to meet spiraling costs of government, school systems and road networks.

New York legislators receive $18,000 a year — $15,000 plus a $3,000 expense allowance.

California's assemblymen and senators have a salary of $16,000 a year. They also get $25 a day for expenses while the legislature is meeting. Figuring this year's session that ran 217 days by the calendar — and deducting for some recesses — each drew approximately $21,000.

The Michigan scale is a $12,500 salary plus $2,500 for expenses.

Pay Spread Wide

Pennsylvania's lawmakers draw $17,800 in salary and $4,200 in expenses — double the earnings they had in 1959.

The Massachusetts Legislature boosted pay this year from $5,200 to $10,000 a year.

Illinois legislators are paid $9,000 a year.

The salary spread, for the country as a whole, is startling.

Rhode Island's constitution stipulates that the law writers get together each year for 60 days and get paid $5 a day.

The pay is $15 a day in North Carolina and $20 a day in New Mexico.

Utah's legislators receive $500 per session plus $5 a day for expenses. Those in Idaho draw $10 a day while meeting and $25 a day for expenses.

Romney Names Fred Rydholm On State Body

LANSING (AP)—Gov. George Romney today announced the appointment of C. Fred Rydholm of Marquette to the Michigan Higher Education Assistance Authority. Rydholm, a junior high science teacher, succeeds Paul Kotila of Marquette, whose term expired, for a four-year term ending May 22, 1971. Senate confirmation is required.

NEW HABITS, NEW HAIRDOS for Catholic nuns are requiring some additional training for various Orders. A change in style of habit which left their hair exposed required refresher courses in hair styling for Sisters of Sacred Heart Academy in Lisle, Ill. Luckily Sister Mary Josephine was a hairdresser before she entered the Order and was sent to a nearby beauty school to brush up on fashions which she could pass along to the other nuns.

John Barry Is Honored; Father Of U.S. Navy

SAN FRANCISCO (AP) — An Irishman regarded as the father of the U.S. Navy, Commodore John Barry, was honored on the 167th anniversary of his death.

James Kirwan, Irish consul general, spoke at ceremonies in the music concourse of Golden Gate Park.

He noted that Barry, a native of Wexford, Ireland, became commander of the infant U.S. fleet and won several battles against the British. Barry died Sept. 10, 1800.

Restore Hotel

DETROIT (AP) — Two Detroit men, Michael F. Radner and Neil N. Goodman, have announced the purchase of the Park Shelton Hotel at Woodward and Kirby for an undisclosed sum. The men said they plan to spend $1.5 million to restore the 12-story hotel to the luxury, permanent residence hotel it was when it opened in 1926.

Airport Traffic Sets New Record

Passenger traffic at the Escanaba Municipal Airport in August jumped nearer the 2,000 mark and set a new monthly record, according to Jon G. Thorin, airport manager.

For the month just closed there were 1,843 passengers served by two airlines — North Central and Peninsula Air — at Escanaba. The total is 682 above the 1,161 listed for August last year.

The major portion of the increase may be attributed to the operations of Peninsula Air Transport, which began service in the Upper Peninsula and south to Lansing earlier this year.

Escanaba's favorable location for air service is indicated by the relatively few flights cancelled because of adverse weather conditions. There were no flight cancellations in August.

The airport served 86 transients and 10 locally based planes in August also.

Extension of the airport's east-west runway to 6,400 feet with the assistance of state and federal funds is assured, and will provide the length required for North Central to inaugurate jet plane service here. Marking and lighting of the runway are a part of the development.

Construction of a new terminal building is proposed and will be financed with state and local funds. The building will be located at the south side of the airport.

Reynolds Plant Blast Kills 4

MUSCLE SHOALS, Ala. (AP) — Four persons were killed and 40 injured in an explosion which shattered a building at the Reynolds Metal Alloys plant here, company officials said.

They said first reports indicated damage might reach $1 million.

The thundering explosion, heard more than 15 miles away, occurred in the plant's cast house No. 10. The blast sent flames shooting more than 200 feet into the air and turned the building into a pile of rubble.

"It looked like it had been bombed," one witness said.

The plant employs about 3,000 persons. On a normal shift, officials said, between 75 and 80 men would have been working in the casting house. However, the officials said they had no accurate count on those inside the building.

Bob Holloway, the company's public relations director, said the large casting house, where aluminum is melted into ingots, would be closed today.

Holloway said the explosion came just as workers on the midnight shift were reporting to duty and that this may have helped reduce casualties.

F. Bjornson Dies Sunday In Rockford

Francis Bjornson, 58, of Rockford, Mich., died Sept. 10 at his home. He was born April 12, 1909 in Norway, Mich., and had resided in Rockford for the past 25 years.

He is survived by his widow, the former Lila Poquette; his father, Dennis Bjornson of Norway; five sisters, Mrs. Ervin Zerdun of Tinley Park, Ill., Mrs. Joseph DaPoz, Mrs. Charles Kaveleu and Mrs. Homer Peterson of Norway and Mrs. Louis Bevacqua of Bottlesville, Okla.; one brother, William of Norway.

The body is being shipped to the Asp Funeral Home in Norway where friends may call after 7 p.m. Wednesday. Liturgical prayers will be recited at 8 p.m. Wednesday. Funeral services will be held at 9:45 a.m. at the funeral home chapel and at 10 a.m. Thursday at St. Mary's Church with Rev. Elmer Bares officiating. Burial will be in the Norway Cemetery.

Training Session For United Fund Workers Called

Ralph E. Huhtala, chairman of the Upper Peninsula Area Committee of the Michigan United Fund, announced that an Upper Peninsula-wide Michigan United Fund Leadership Training Conference will be held in Marquette on Thursday, Sept. 14

The chairman will be Ivan Brown, International representative, United Automobile Workers of America, Iron Mountain.

Key conference leaders will include Robert Neldberg, personnel assistant, Lake Shore, Kingsford, past campaign co-chairman of Community Chest of Dickinson County, W. H. Treloar, general manager, The Mining Journal Co., Marquette, will keynote the conference.

Members of the Upper Peninsula Area Committee hosting the event include John L. Farley, Menominee and Irving Olsen, Escanaba.

Brown said that the Committee hopes "that every person affiliated with the many united organizations across the U.P., or those interested in initiating united organizations in their area, would plan to attend this training conference."

Registration will begin at 9:30 a.m. in the Brule Room of the University Center with the conference convening at 10:30 a.m. Adjournment is scheduled for 4 p.m.

Bark River Man Gets Jail Term

Leo Schuvilher, 57, of Bark River, was sentenced to 90 days in the county jail Monday by Justice Edward Goldsworthy on a charge of contributing to the delinquency of minors.

Sheriff's officers said Schuvilher was arrested and charged with furnishing beer to minors. He pleaded guilty when arraigned.

Anti-Rackets Fund

DETROIT (AP) — William L. Cahalan, Wayne County prosecutor, has asked the county's Board of Auditors for $50,000 to staff and operate a new anti-rackets operation within his office.

Romney Tours July Riot Area

WASHINGTON (AP)—After a tour of Detroit's riot-devastated West Side Monday, Michigan Gov. George Romney flew to Washington to testify today before the President's Commission on Civil Disorders.

Romney was slated to testify in a closed-door session at 10 a.m. before setting off on a coast-to-coast tour for a first-hand look at urban problems in 14 cities.

The governor walked past one fire-blacked store after another in the section of Detroit which in July was ravaged by the worst rioting in recent U.S. history.

Sheila Brown, 12, and her sister, Veronia, 13, grasped the governor's hands as he approached and told him about the rioting.

"I thoulht it would never stop." Sheila said. "I was scared to death."

Charles Patridge, a custodian for Wayne County, told the governor: "That's where I lived, in an apartment over there. It was burned to the ground and all my belongings with it."

Romney watched a dozen preschoolers turning out water colors at a project Head Start class, saw future nurses aides and clerk-typists undergoing orientation training at a Neighborhood Youth Corps center, listened as nearly 400 "hard core" unemployed studied basic communications and motor skills at a training center.

After the tour, the governor said, "Detroit is showing as much imagination in developing poverty programs as any city in the country."

Blood Collection Short Of Quota, Need More Units

Red Cross officials were hoping for an increased turnout of blood donors today and Wednesday in Escanaba after the Badger Bloodmobile fell 26 units short of its quota Monday in Gladstone.

Quota for the three-day visit to Delta County was 400 units.

Hours today at the Teamsters Hall are until 7 p.m. Wednesday, hours are from 10 a.m. to 3 p.m.

At the James T. Jones school in Gladstone Monday, a total of 51 units were collected. Quota was 77. Red Cross officials said there were nine advance appointments and all kept their dates and there were 44 walkins. Two were rejected, leaving a total of 51 units collected.

Type O-Negative blood donors are needed for a heart surgery case, the Red Cross reports. This blood will be collected on Wednesday for a Milwaukee man, 60, who will undergo heart surgery on Thursday.

Chide M'Namara Political Attack

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara was criticized Monday by Rep. Donald W. Riegle R-Mich., for statements on the Vietnam war from 1962 to 1966 which, Riegle said, have been contradicted by later developments.

After quoting various statements made by McNamara, Riegle said in a House speech, "I can't find the truth in those statements and neither can the American people.

The Flint congressman said he viewed with amazement and disgust what he called a political attack by McNamara on Gov. George Romney in which the Defense Secretary said Romney "could not recognize the truth if he saw it."

"The facts show that Secretary McNamara's greatest distinction is that he has produced two 'Edsels' in one lifetime," Riegle said.

"The first nearly crippled the Ford Motor Co., the second, the vicious Vietnam stalemate, is fast crippling our nation."

"Optimistically worded press statements, flashy computer analysis, dramatic trips to Vietnam, and gimmicks like the electronic wall, are altogether a poor substitute for the unvarnished truth," Riegle said.

Riegle quoted McNamara as saying on Oct. 2, 1963, that the major part of the U.S. military task can be completed by the end of 1965, although there may be a continuing requirement for a limited number of U.S. training personnel.

McNamara also was quoted as saying on Jan. 27, 1964 that it is a Vietnamese war and in the final analysis it must be fought and won by the Vietnamese, and Riegle added:

"Mr. Secretary, where is the truth in that statement? When that statement was made, some 15,000 American troops were in Vietnam — that number has multiplied over 30 times. So today, there are more American men in front line combat than there are Vietnamese."

Obituary

MRS. SIGNE ANDERSON

Funeral services for Mrs. Signe Anderson were held at 11 a.m. today at the Calvary Lutheran Church in Rapid River with Rev. George Olson officiating. Burial was in the Rapid River Cemetery. Pallbearers were Albert Peterson, Hugo Schoenberg, Andy Erickson, Art Sunostrom, Curtis Christensen and George Weberg.

CLARENCE CODY

Funeral services for Clarence Cody were held at 11 a.m. today at the Degnan-Crawford Funeral Home with Rev. Erland Carlson officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were George Cody Jr., David Vandenberg, Ronald, John, Melvin and Neil Cody.

Hospital

Miss Theresa Margaret Smith daughter of Mr. and Mrs. Lawrence L. Smith of Kipling is a patient at St. Francis Hospital. Her room is 407.

HOLY NAME HIGH SCHOOL'S music department is sponsoring its annual candy sale, and pictured here in preparation are (from left) Michel LaPine, Annette Theoret, Chris LaFleur and Joe Lasnoski. Proceeds from the sales make the band and choral activities self-supporting. The solicitation starts today with house-to-house sale of the famous Sayklly's peanut brittle. (Daily Press Photo)

Menominee Schools Still Closed, Students Protest

MENOMINEE — Teachers of the Menominee school system and the Board of Education remained in an apparent hopeless deadlock today over a new master contract while students of the system launched their second day of protests over the lack of classes.

About 50 students began a sit-in this morning in the main corridor of Menominee High School, starting what they termed "their 180 days of classes."

Monday, about 100 students picketed the school asking for classes to start while the teachers continued to refuse to work without a contract.

Talks Break

The Board of Education said it has made its "firm and final offer" to the teachers in a package proposal which called for a base salary of $5,500 for the first semester and $5,600 for the second. Teachers rejected the offer.

Negotiations broke off between the teachers and the Board of Education again Sunday night after the groups met for 11 hours until midnight without reaching a settlement.

Charles Keller, attorney for the Board, made this statement to the teachers Monday in response to a request by the teachers for the Board to appear at a public meeting Monday night.

"In view of your apparent rejection of our offer, the Board can see no reason for a further meeting without some concrete indication from you of a desire to alter your position. When such indication is received, the Board will be happy to contact Mr. Carl York (of the Labor Mediation Board) to set up a further meeting."

About 300 teachers and citizens showed up at the meeting at the high school Monday night which the teachers called to explain their position. Although the meeting "sometimes got out of hand" there was no apparent progress, one observer said.

No Injunction

As yet, the Board of Education has not asked for an injunction against the teachers for refusing to work. The Michigan Court of Appeals ruled Saturday that teachers, as public employes, have no right to strike in a case involving the Holland school district.

The three-judge panel ruled that teachers are now public employes "although they have not commenced working this fall.

"We reject the argument," the judges said, "that the teachers are not employes because they do not have individual written contracts as required by the school code of 1955."

The athletic program of Menominee High School is the only program functioning as coaches are working on a volunteer basis until a settlement is reached. Menominee's varsity football team has played two games and meets Madison West this weekend.

Briefly Told

The Delta County Sportsman's Club will meet at 7:30 tonight at the clubhouse. M. L. Smitley will give a demonstration and instruction on duck calls. Members and the public are invited to attend.

Escanaba police have issued traffic court summonses to Darlene Dart, 1523 Ludington St., improper lane usage; Timothy P. Finlan, 609 N. 18th St., and to Donald L. LeClaire, 207 S. 9th St., both for speeding.

Recreation Bldg. Final Plan Ready

The presentation of final plans for the City of Escanaba's new recreation building is scheduled at a meeting of the Planning Commission to be held in the City Hall at 7 p.m. Thursday

Recommendations on architectural treatment and location on the city-owned watertower site will also be discussed, said John Dulek, City engineer-planner.

Arntzen Architects of Escanaba are designing the structure and preparing working drawings. The city proposes to take bids as soon as possible and get the construction under way this year.

The new recreation building will be financed by funds bequeathed to the city by the late Catherine Bonifas, widow of millionaire lumberman William Bonifas. There is approximately $300,000 in the Bonifas trust fund.

The City Council serves as trustee of the fund, and a petition is being prepared to submit to Circuit Court Judge Bernard Davidson for authorization to expend the fund for the recreation building construction. Mrs. Bonifas had willed $100,000 for recreation but the fund grew with investment of the money in the State Office Building, now owned by the State.

Other business to come before the Commission includes:

Review of the Chicago & North Western Railway proposal for an access road to the proposed new ore dock facilities on the north bay shore.

Request from Bill DeHaan to vacate an extension of 22nd Ave. S. from Lake Shore Drive to the shoreline.

Moon Surveyor Starts Testing

PASADENA, Calif. (AP) — A tiny black box—suspended from a spindly three-legged moon machine called Surveyor 5—is returning signals to earth today that may tell what the moon is made of.

Scientists at the Jet Propulsion Laboratory said signals were coming in strong and clear Monday, but that it will be some time before concrete results are released.

The spacecraft returned more than 160 pictures after touching down gently Sunday afternoon.

The experiment to study the lunar crust began early Monday when the black box—the detecting the soil beneath the spacecraft with alpha particles from radioactive Curium 242, and began reading rays reflected from the surface.

M 26 Detour

LANSING (AP) — The State Highway Department has announced a three-block-long detour for M 26 traffic in Lake Linden will go into effect Wednesday because of modernization work on M 26 between Lake Linden and Laurium.

Young Hubbard In Dearborn Politics

DEARBORN (AP) — John J. Hubbard, 32, is running for the Dearborn City Council. But his dad, Mayor Orville Hubbard, won't endorse him.

Hubbard, mayor for 26 years, said he won't endorse his son. "Because you don't usually run members of your family for office."

But, the mayor said, "I told him I'd vote for him."

The primary election today will cut the field to 14. Seven will be elected in the November general election.

How to save your wife and over $140.00 with a new Gas dryer.

If your wife is drying clothes on a line, she's working for less than 2¢ a load. That's all it costs to do it in a Gas dryer. And that's the thriftiest, easiest way in the world. It's 1/5 the cost of the next best way—with electricity. So when you consider the number of loads done by the average family each year, they could save over $28.00 a year with Gas. In just 5 years that comes to $140—the purchase price of a new Gas dryer.

When you look at it that way, a Gas dryer becomes an investment instead of an expenditure. It's a purchase that requires little or no maintenance. The average upkeep is less than 20¢ a year (or the money that can be saved on a few loads). And since installation is free, you can save right from the start.

In addition to the savings, a Gas dryer makes clothes feel fresh, soft and new—rain or shine. All your permanent-press things come out as smooth and fresh as the day you bought them.

And because a load is done up to 10 minutes faster with Gas, more loads can be done in a day, too. No wonder . . . Gas makes the big difference . . . costs less, too.

See the latest models at dealer or Gas Company showrooms.

7 out of 10 families now using dryers have Gas dryers. Care to make it 8?

Isn't it time you bought her a new Gas dryer?

Women's Activities

VFW Auxiliary Holds Regular Meeting Monday

The Ladies Auxiliary to Hiawatha Post 2998, Veterans of Foreign Wars held a regular meeting Monday night at the VFW Hall. Applications for membership were received from Viola Prevost and Ethel Monson reported that the fish frys will resume Oct. 13.

The hospital party for the veterans at Iron Mountain hospital will be held on Sept. 20 with Lucille Cholger, hospital chairman, in charge.

Mary Johnson of Hessell, 14th district president, conducted the annual inspection of the auxiliary. The district convention has been set for Sept. 23-24 in Rudyard. The annual membership dinner will be held Oct. 17 with Lucille Cholger, chairman.

Celina Sorault received the attendance award for the evening. A social hour with the Post followed the meeting with Jean Yanitsky and her committee in charge.

Events

OES To Meet

Minnewasca Chapter 96, Order of Eastern Star, will practice at 7 p.m. Tuesday. All officers should attend.

★ ★ ★

Bridge Luncheon

The regular bridge-luncheon at the Escanaba Country Club Wednesday is scheduled as usual. Members of the committee are Helen Hoyler and Elsie Peterson.

★ ★ ★

St. Joseph's H. and S.

St Joseph's Home and School Association will meet at 8 p.m. Wednesday. All parents are urged to attend this first meeting of the new season. Refreshments will be served following the meeting.

★ ★ ★

Rummage Sale

The Lewis Cass Chapter of DAR is holding their annual rummage sale on Thursday, Sept. 14 beginning at 1 p.m. at the Croation Hall on Sheridan Road.

H. LaCrosses Mark Anniversary

Mr. and Mrs. Herbert LaCrosse of 122 S. 22nd St., Escanaba celebrated their 49th wedding anniversary on Sunday, Sept. 10 with an open house for family members and friends at their home.

A buffet lunch and refreshments were served during the day.

Miss Joan Gargano

Escanaba Woman's Club Opening Meeting Set

Seventy-one years of history as shown in ladies hats will be presented to members of the Escanaba Woman's Club at their opening dinner meeting at 6:30 p.m. on Wednsday, Sept. 20 at the House of Ludington.

The unusual program entitled, "Hats and History," will be presented by Miss Joan Gargano of Minneapolis, consumer relations representative for the Sperry and Hutchinson Company.

Members of the Escanaba Woman's Club will model hats of the Gay 90's, the World War I era, the Roaring 20's and even those models that were so chic a season or so ago but don't look quite right now. Commentary on fashions and world events of the time will accompany the unique style show.

The hats used in the program are authentic reproductions of those on display at the Costume Institute in the Metropolitan Museum of Art in New York City.

Oldest hat in the group is a regal, small hat, designed to perch on the elaborate puff pompadour worn in 1896.

Dinner music will be provided by Dick Steede at the organ and he will also play the accompanying music for the program. Mrs. Tom Irish is program chairman for this meeting.

Reservations may be made by calling Mrs. Ole Morey, 786-0414, Mrs. Forrest Henslee, 786-6508, Mrs. E.L. Pohl, 786-1927 or Mrs. Tom Irish, 786-2941.

Any woman in this area who is interested in becoming a member of the Escanaba Woman's Club may contact any member of the club or call the membership chairman, Mrs. A. D. LaBranche, 786-0961.

Exactly what is chutney? It's usually a combination of fruits and vegetables cooked with sugar, vinegar and spices. Chutney is a "must" with curries and is an excellent relish to serve with other meat, fish or egg dishes.

William Whitens Honored On Anniversary

HERMANSVILLE—On Saturday, Sept. 2, Mr. and Mrs. William Whitens of Hermansville celebrated their 40th wedding anniversary with a High Mass of Thanksgiving at 8 a.m. at St. Mary's Church with Rev. Gervase Brewer celebrant.

They were wed on Sept. 1, 1927 in the same church by the late Rev. Hollinger and have made their home in Hermansville since that time.

They are the parents of seven children, six sons: William of Fulton, N. Y.; Roger and Richard of Hermansville; Robert of Marquette; Eugene and Donald at home; and one daughter, Mrs. Gary Johnson (Kathleen) of Hermansville. There are 17 grandchildren.

A reception for family and relatives was held on Sunday afternoon at the family home.

Anthony Ayotte of Hermansville was the second person from the area to report killing a bear, about 150 pounds in the Vega area Sunday afternoon. The unusual thing about the bear was that his paws were light colored. (Light grey.)

Church Events

Juice from canned peaches, apricots or pears may be mixed with melted butter and lemon juice and used as a delightful baste for broiled chicken. Serve with buttered rice tossed with pine nuts.

Lynda Bird To Have White House Wedding

WASHINGTON (AP) — "I'm happy," said the President's wife, "there are such stars in Lynda's eyes."

Lady Bird Johnson's comment summed up a day of talk about a White House wedding, the complications presented by the prospective bridegroom's forthcoming assignment to Vietnam, and the difficulties involved in the marriage of a Marine captain to the daughter of the commander in chief.

Lynda Bird Johnson, 23, and her fiance, Capt. Charles S. Robb, 28, met repotrers Monday on the South Lawn of the White House. Robb's duty station on occasion as a White House social aide. Robb, whose family lives in Milwaukee, Wis., said he asked President Johnson for Lynda's hand in marriage.

But he said he didn't want to try to recite the reply because "I wouldn't want to misquote him."

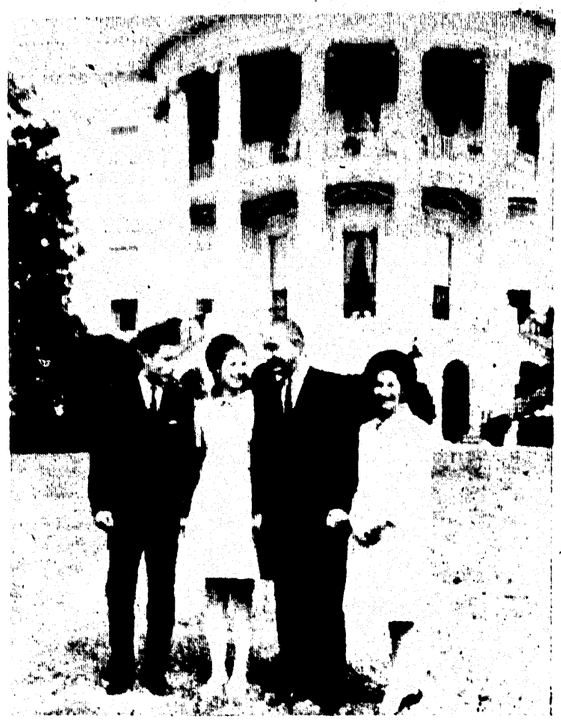
Bess Abell, the First Lady's press secretary, said the wedding, set for an unspecified date in early December, would be in the East Room of the White House.

And the Pentagon, reacting to the sudden flood of interest in the tall Marine career officer, assigned him his own press aide— 25-year-old Navy Lt. (j.g.) Ryan Lamb of Lafayette, Ind. The White House immediately began referring all queries to Lamb, who is on the staff of the assistant secretary of defense for public affairs.

One of his first tasks was to give out the information that Robb will be assigned to Vietnam in mid-March, not February as first announced.

Lynda and Robb said most of their plans for the future have not been worked out. Lynda said she didn't know whether she will continue to live in the White House after Robb is sent to Vietnam.

Add a tablespoon of grated orange rind to that custard-pie filling (along with the usual vanilla flavorings). Delicious flavor change!



PRESIDENT AND MRS. JOHNSON join their daughter Lynda and her fiance, Marine Capt. Charles Robb, Monday, to pose on the south lawn of the White House. The couple will be married in early December. (AP Wirephoto)

Soo Hill PTA Meets Thursday

The Soo Hill PTA will hold its first meeting of the season Thursday, Sept. 14, at 8 p.m. at the school.

Floyd Cassidy, principal, will introduce the new teachers. Luther Barrett, superintendent and Mrs. Clara Mosenfelder, will be present to speak on general school policy and how the school board negotiates for new teachers.

Mrs. Gary Barton, membership chairman, will be present to open this year's drive. Parents will also have the opportunity to tour the new addition. Lunch will be served by the PTA officers.

In This Corner

With RAY CRANDALL

The defending Great Lakes Conference champion Negaunee Miners served notice on the rest of the field when they blasted Ishpeming, 61-0, last weekend . . . Seven different players registered touchdowns for Coach Lodi Morris whose Miners piled up 390 yards on the ground and 123 through the air.

★ ★ ★

Coach Frank Kopenski's Marquette University High School team opened its season with an impressive 49-14 triumph over Champion of Prairie du Chien . . . The Hilltoppers powered for 482 yards rushing and added 19 passing . . Halfback Dave Vander Hyden scored three touchdowns and quarterback Rich Bridich two . . . The Milwaukee team will play Escanaba here Sept. 30.

★ ★ ★

Senior quarterback Rudy Steiner of Iron Mountain showed Ironwood fans why he was a near unanimous choice for All-U.P. honors as a junior last fall when he led his Mountaineers to a 20-7 verdict over the Red Devils . . . The 6 foot 1 inch 210 pounder ran for one touchdown, passed for two more and kicked two extra points in Iron Mountain's second straight victory this season . . . He gained 166 yards in 12 carries and completed eight of 14 passes for 124 yards.

★ ★ ★

Trailing 18-6 at halftime, the Marquette Redmen exploded for five touchdowns in the second half to hand Munising a 40-24 setback . . . Steve Nyquist tossed three touchdown passes in the comeback against Coach Bill Earle's Mustangs.

★ ★ ★

Crystal Falls demonstrated a potent attack while whipping Gwinn, 41-0, in a Land O' Lakes Conference affair . . . The Trojans netted 369 yards on the ground and 119 in the air while limiting Gwinn to a game total of 21 . . . Dennis Fabbri ran for three touchdowns and Marco Hecimovich added a pair.

★ ★ ★

Wakefield bounced back from its season opening loss to Ironwood to trim Houghton, 25-6, in a non-conference contest . . . Mike Porcarelli, better known as one of the nation's top junior skiers, played his first game for Wakefield and scored a touchdown on a 36 yard run . . . He led the Cardinal ground game with 92 yards.

★ ★ ★

The lone Upper Peninsula athlete on the Ferris State College football roster this fall is Frank Deroum 6 foot 1 inch 185 pound freshman tackle from Kingsford.

★ ★ ★

John Coatta, new head football coach at Wisconsin, continues his praise of former Gladstone athlete Tom Domres . . . "Domres (6-1½, 236 pound senior) at tackle is an excellent football player. He's a good solid, tough performer. He doesn't get fooled — he's always around the ball." Coatta was quoted this week as the Badgers prepared for their opener at University of Washington in Seattle.

Herbel Helping Giants, Astros Using Everyone

By The Associated Press

Ron Herbel is giving the San Francisco Giants a much-needed helping hand. . and just about everybody is pitching in for the Houston Astros.

Herbel, recently promoted from the bullpen to help fill the gap left by Juan Marichal's leg injury, scattered eight hits Monday night in hurling the Giants to a 4-0 victory over Los Angeles.

The Astros, meanwhile, tied a National League record by employing eight pitchers on the way to an 11-10 verdict over the Chicago Cubs.

Nelson Briles, like Herbel is an ex-relief specialist, rolled to his seventh straight victory as a starter as league-leading St. Louis whipped Philadelphia 5-1 and Cincinnati struck for two ninth inning runs to nip Pittsburgh 4-3 in other NL action.

Herbel's second September victory gave the Giants a 9-1 mark for the month and continued a run of brilliant pitching that began on Aug. 1 — with Marichal shelved by a pulled hamstring muscle in his left leg.

Marichal has made only one appearance since then, but the Giants' staff -- led by Gaylord Perry and Mike McCormick and abetted by Herbel and Ray Sadecki — has compiled a sparkling 2.29 earned run average in his absence.

Willie McCovey, who drove in three runs in Herbel's 4-3 victory over Cincinnati nine days ago, delivered two more against the Dodgers with a single and his 25th homer. Willie Mays chipped in with two doubles and a single as the Giants beat Don Drysdale and took a 12-4 bulge in their season set with the Dodgers.

The Astros overcame a 5-2 deficit with a five-run salvo in the sixth inning, but barely survived a ninth inning rally by the Cubs, who tossed six pitchers into the slugfest.

Pat House, the eighth Houston hurler, got the last out after Dave Giusti, Carroll Sembera, Chris Zachary, Dan Schneider, winner Dave Ellers, Tom Dukes and Larry Sherry had come and gone.

Jim Wynn smacked his 37th homer and drove in three runs for the Astros while Sonny Jackson's two-run single keyed the sixth inning uprising.

The 14 pitchers used by both clubs equalled the major league mark for a nine-inning game and the Astros fell one short of the all-time high of nine pitchers put to work by the old St. Louis Browns in a 1949 game against Chicago.

Briles, touched for a run in the second inning, blanked the Phils on five hits the rest of the way to register his 12th victory in 17 decisions.

Singles by Tim McCarver, who had four hits, and Phil Gagliano triggered a three-run burst in the fourth inning that carried the Cardinals another step closer to the NL pennant.

The Reds tailed 3-2 in the ninth when two walks around Deron Johnson's double filled the bases with one out. Maury Wills then booted Don Pavletich's grounder as the tying run scored and Pete Rose won it with a bloop single to right center.

Willie Stargell knocked in all three Pittsburgh runs with a single and homer.

Crusader Game Here Sunday Starts At 3

The Holy Name-Marquette Bishop Baraga football game at the Escanaba Athletic Field Sunday will start at 3 p.m., school officials announced today.

The host Crusaders will be shooting for their first victory as will the Royals. Both have lost two starts.

Coach Tom O'Neil announced that defensive halfback Steve Houle will be out for at least one week with a hip injury sustained in the 33-7 loss to Kingsford. Dennis Allingham, who missed the Kingsford game with a wrist injury, will rejoin the squad Thursday.

JAYVEES LOSE

The Escanaba Eskymo junior varsity football team lost to Menominee, 20-6, in a game played here Monday.

Red Buck Champs

Two Archers Set Records

Bil Gunville of the host Red Buck Archery Club took individual honors in the Upper Peninsula Field Archery Association championship tournament, setting a new all-time record with a 973 score in the Men's Freestyle Class A division.

Nancy Magnuson, also a Red Buck deadeye, won the trophy for highest woman shooter in the tournament. She also broke the U.P. record with a 741 score.

The Red Buck club hosted the annual UPFAA banquet at the Delis Supper Club at which Pete Mongiat of Ishpeming was elected president. Other officers named were Gunville, vice president; Henry Auge of Escanaba, secretary.

The 1968 tourney schedule was set up for May 19 at Iron Mountain, June 2 at Munising, June 16 at Iron River, June 30 at Ishpeming, July 14 at Escanaba, July 28 at Sawyer, Aug. 11 at Marquette and Aug. 25 championship tournament at Iron River. The Red Buck archers wil also host the spring meeting next year.

Tourney results:

Men's Freestyle Class A — Bill Gunville, Escanaba, 973; Bob Sunn, Marquette, 940; Ed Carlson, Ishpeming, 916; Harry Gull, Ishpeming, 865.

Men's Freestyle Class B — Dan Petroff, Iron River, 908; Joe Kempa, 831; Joe Allsworth, Escanaba, 826; Bill Koponen, Iron River, 821.

Men's Freestyle Class C — Dan Luoma, 695; Bob Welker, 679; Ed Peck, Escanaba, 524; Casey Barker, 225.

Men's Bare Bow Class A — Tom Haver, 709; Marty Snelton, 704.

Men's Bare Bow Class B — Vito Frustaglio, Ishpeming, 719; Tom DeRocher, 71; John Cowell, Iron Mountain, 702; Duane King, 675.

Men's Bare Bow Class C — Russell Gust, 579; Phil Shoneberger, 574; Dick Gilman, 543.

Men's Bare Bow Class D — Les Smitley, Escanaba, 348.

Women's Freestyle Class B — Nancy Magnuson, Escanaba, 741; Nancy Tassava, Ironwood, 737; Dodo Koponen, Iron River, 493; Eunice Petroff, Iron River, 483.

Women's Freestyle Clas C — Jeanne Allsworth, Escanaba, 401.

Women's Bare Bow Class B— Anna Mae Bertucci, Ishpeming, 618; Liz Juntti, Ishpeming, 472.

Women's Bare Bow Class C— Doris Peck, Escanaba, 493; Marion Frustaglio, Ishpeming, 439; Linda Gunville, Escanaba, 408; Jonnie Eldsberry, Sawyer, 407.

Women's Bare Bow Class D— Gert Smitley, Escanaba, 189.

Boys Freestyle Class A — Richard Kempa, 818.

Boys Junior Bare Bow Class B — Ken Dull, 492; Steve Pierson, 410.

Boys Bare Bow Class C — Lee Premo, Escanaba, 430; Jody Allsworth, Escanaba, 16.

Girls Bare Bow Class C — Susan Peck, Escanaba, 55; Kathy Peck, Escanaba, 151.

Bev Farrell Sets Record At Gladstone

GLADSTONE — Bev Farrell, recently crowned Gladstone Golf Club women's champion, broke her own all-time course record Monday when she toured the nine hole layout in 38 strokes.

She set the previous record with a 39 last year. Her new record round included three birdies, three pars and three bogeys.

Golf

Highland women golfers will stage a flag tournament Wednesday with all members eligible to play. They are to make up their own pairings.

The men of the Gladstone Golf Club are reminded that the regular Wednesday night Twilight League is still in progress, and that players should make up their own foursomes. Also, the salad and extras will be served as usual.

PRACTICE TONIGHT

Spar's Dartball team, Monday night league, will meet at 7:45 tonight for a practice session.

Green Bay Ready To Open Drive For Third Straight NFL Crown Needing Two Playoff Victories

GREEN BAY, Wis. (AP) — Numerically at least, the Green Bay Packers were set today to open their drive toward a third straight National Football League title—a feat that, if accomplished, will require two playoff victories at the end of a 14-game season.

Having disposed of six foes without a loss in preseason exhibitions, the champions of the professional football world turned their attentions Monday to their league opener with the Detroit Lions, scheduled Sunday before a sellout crowd of 50,852 at Lambeau Field.

The final week of preseason preparation opened with a 90-minute workout in which all players participated. The Packers also viewed the films of their exhibition windup, a 31-14 romp over the New York Giants, and checked the scouting reports on the Lions.

The necessity for two playoffs this year was created when the NFL, which grew to 16 teams with the addition of New Orleans, realigned its Eastern and Western conferences into four divisions, Central Coastal, Capitol and Century.

The Packers, longtime members of the Western Conference, will play in the Central Division along with Detroit, Chicago and Minnesota. The Coastal Division also in the Western Conference, is composed of Los Angeles, San Francisco, Baltimore and Atlanta.

This means that for the first time each NFL team will play 11 other teams in the regular season. The Packers, for instance, must play each team in its division twice, plus single games with each team in the Coastal and Century divisions.

According to Lombardi, this puts an extra burden on the coaching staff, "because we will have to prepare for more teams."

But if the Packers wind up on top of their division, they will meet the Coastal Division winners for the Western Conference title in the friendly surroundings of Milwaukee County Stadium, where they also play three games during the regular season.

If they win that one, they will take on the Eastern champs for the NFL title in the even friendlier surroundings of Green Bay's Lambeau Field.

ARCHERS FIRE and check targets in the Upper Peninsula Field Archery Association championship shoot at the Red Buck range. At top is Jack Williams of Ishpeming. In lower photo is Bill Koponen of Iron River. (Daily Press Photo)

Twins Win, Sox Beaten

By The Associated Press

The talk turned to streaks. As befits the manager of a club that has just won a laughter, Minnesota's Cal Ermer made a joke. As befits the manager of a club whose pennant hopes were damaged by a defeat, Chicago's Eddie Stanky did not.

"If we win 17 more, we're in," said Ermer, whose Twins, in first place in the American League by a game, have 17 games left to play. The Twins murdered Washington 13-5 Monday so Ermer had a right to indulge his whimsy.

"That makes a winning streak necessary now," said Stanky, whose White Sox, in fourth place 2½ games behind the Twins, lost to Baltimore 6-1.

Boston and Detroit, in second and third place respectively in the close race, were idle Monday as were Cleveland, Kansas City, California and New York.

In the National League, Cincinnati chipped Pittsburgh 4-3, St. Louis took Philadelphia 5-1, Houston outhit Chicago 11-10 and San Francisco blanked Los Angeles 4-0. Atlanta and New York were idle.

Minnesota's Dean Chance gave up five unearned runs in the first inning, but the Twins came back for seven runs in the fourth and four more in the fifth to win their third straight game.

Harmon Killebrew had three hits and drove in two runs and Bob Allison had three hits and three RBIs as the Twins ganged up on five Senators' pitchers. Rich Reese hit a key two-run double, his fifth pinch hit in his last eight tries.

Chance, knocked out after three innings, may see some action in the bullpen during the next couple of days according to Ermer, who gave a lot of his players half the game off when the big-scoring innings were over.

The White Sox fell victim to three runs batted in by the Orioles' Frank Robinson, who homered and doubled. Jim Hardin stopped the Sox on four hits as only 4,048 turned out to see the home-town contenders.

"That's twice that young man has beaten us," said Stanky. "And I guess Frank Robinson is going after that second batting title. I hope he clinches it when Baltimore plays Detroit and Boston."

Sportsmen Club Hosts Shotgun Championships

The Delta County Sportsmen's Club will host the Upper Peninsula Shotgun championship event this weekend, Sept. 16-17.

Competition will begin each day at 9:30 a.m. Gunners will shoot 50 trap and 50 skeet targets.

The meet is sanctioned by the U.P. Shooting Association, it was announced today by Dick Seibert, club president.

Trophies will be awarded for top gun, first, second and third places in classes A, B, C and D and in the two and five man team competition.

The public is invited to attend the shooting at the club range off U.S. 2 south of the Delta Nursing Home. Tom Grenfell is chairman of the event.

Lolich Likes Flag Race

DETROIT (AP) - Mickey Lolich says it's a whole new world to be fighting in the tightest American League pennant race ever, but he likes it.

"You're living in a completely different world in a big pennant race," he said. "It makes every game more interesting. "I'm enjoying it, and I'll enjoy it a lot more if we're in first place when the season ends."

The Detroit Tiger pitcher, now 10-12 after a horrible 10-game losing streak, has won five straight and thinks the Tigers have as good a chance as anyone, despite being 2 games out.

The third-place Tigers were idle Monday and saw the gap between them and first place widen by a half-game as league-leading Minnesota stopped Washington, 13-5. Boston is in second, also two games back, and Chicago is in fourth, 2½ behind.

Pros Reveal Final Cuts

By The Associated Press

Tommy McDonald, a pint-sized pass catcher who seldom stands still on the football field, is on the move again — off the gridiron.

The 5-foot-9 speedster with sure hands that have caught more passes than all but three National Football League players in history, was bouncing toward Atlanta today after the Los Angeles Rams dealt him to the Falcons for a high draft choice.

The former Oklahoma hero, moving into the twilight of a glory-filled NFL career, was a victim of cutdown day as teams jockeyed to reach the 40-player limit Monday.

Another veteran, middle linebacker Vince Costello, who anchored Cleveland's defense through many a winning season, also felt the bite as the Browns sent him to the linebacker — starved New York Giants, also for a draft choice.

The Giants, easily the most active of teams a week before the NFL season opens, also picked up defensive end Bruce Anderson from the Rams and safety Dave Bathcock from Green Bay for draft picks.

To make room for them, the Giants sent veteran tackle Jim Colvin back to Dallas because of a bad knee, placed third-string quarterback Tom Kennedy on injured waivers and dropped defensemen Ted Holman, Joe Sissel and Bob Trygstad.

The Browns obtained end Ron Duncan from Philadelphia for a draft pick in another deal.

Dallas gave offensive guard Curtis Marker and end Sams Stokes, its fourth and sixth-round draft choices, their walking papers.

Detroit cut veteran center Mike Alford. Pittsburgh dropped veteran Gene Breen and Philadelphia axed defenseman Jim Kearney among others.

McDonald, whose 455 receptions rank second to Ray Berry of Baltimore among active players built a reputation for his spectacular long-distance catches and the way he bounced quickly to his feet after each catch, regardless of how hard he was hit.

The 175-pound, 8-year-old flanker, entering his 11th NFL season, caught most of his passes in seven years with Philadelphia before moving to Dallas for one season. He spent the last two years with the Rams and hauled in 55 passes last season. But Los Angeles used him in only one preseason contest this year and he managed a single reception.

Costello, a 35-year-old who spent nine seasons with the Browns, most of them as a starter, lost the regular job this year to younger Dale Lindsay.

The Giants, looking for immediate help, hope he can fill a gap left by injuries to three linebackers in 10 days with two of them out for the season.

Duffy, Spartans Concentrate On Big Ten Opponents--To Start With

One in a series.

By BOB VOGES

EAST LANSING (AP) — Mention of that 10-10 football tie with Notre Dame last fall doesn't get much of a rise from Michigan State Coach Duffy Daugherty this year.

Daugherty wants his Spartans to concentrate on the Big Ten opponents in their own back yard.

The Irish are sixth on the MSU schedule this fall. You can bet Michigan State's smiling Irishman will be making a crusade out of that rematch with the national collegiate champs around Oct. 28.

But right now his ambition is to become the first Big Ten coach to win the conference title three times in a row.

Other schools have tried it 10 times in the past. There never yet has been a three-time consecutive conference champ.

"That and another shot at the Rose Bowl ought to be incentive enough for the team," said Daugherty, brushing away any premature buildup of the Notre Dame game.

Michigan State has another offensive powerhouse this year but former linesman Daugherty has to almost completely rebuild his line on defense.

Gone are such defensive giants as Bubba Smith, the near 300-pounder who was the top pro draft choice in the nation, and George Webster, the rover on defense.

There are only two regulars returning to the defensive unit. Coaches hope to get a lot of help from sophomores, among them Bubba's "baby brother," Tody Smith, a 6-foot-5, 269-pounder and heaviest man on the squad.

Quarterback Jimmy Raye is a seasoned veteran. Two years ago as a sophomore he was running the team in the Rose Bowl, trying to salvage a lost cause in the 14-12 loss to UCLA.

Raye, a dangerous man on the option, runs like scatback and made 436 yards rushing last fall. He had 1,110 yards passing for 10 touchdowns.

Left half Dwight Lee and right half Frank Waters have been working well together at grinding out ground. Fullback Bob Apisa, one of State's imports from Hawaii, made 445 yards rushing and scored nine touchdowns last year although he was bothered by a knee injury.

After an operation, Apisa, now a senior, is back heavier and looking faster than last fall.

Al Brenner, a 6-1 junior, has been Raye's main target on passes. He pulled down 22 for 357 yards as a sophomore.

Coaches are looking for a new kicker to replace Hawaiian Dick Kenney, who was such a crowd-pleaser with his barefoot booting.

Michigan State opens Sept. 23 against Houston, the team that led the nation in total offense last year. The Cougar coach is Bill Yeoman, a former MSU assistant.

State College Teams Set For First Big Grid Date

By The Associated Press

Nine Michigan colleges open football play this weekend, with Western Michigan going into conference play against Miami of Ohio.

The Broncos tied with Miami last year for the Mid-American Conference championship with identical 5-1-0 records. Their contest will be on the Broncos' field.

Alma journeys to Michigan Tech; Northwood plays at Eureka, Ill.; Franklin, Ind., visits Olivet; Ferris State goes to Northern Ohio; Hope plays at Augustana; Central Michigan is host to Bradley, and Eastern Michigan plays host to Findlay, Ohio. Northern Michigan, which opened its season last Saturday with a 7-3 victory over Northern Iowa, plays host to Akron, Ohio.

Western Michigan Coach Bill Doolittle was named Mid-American Coach of the Year last year and the energetic young mentor would like nothing better than to start this season with a victory over Miami.

Western Michigan finished last year with a 7-2 record, largely on the efforts of fullback Tim Majerle, who scored 10 touchdowns.

Majerle is back this year as a junior and Doolittle says he's been looking better than ever in practice.

Doolittle was optimistic about the team, praising its condition and attitude.

Northern Michigan Coach Rollie Dotsch said his team was coming along well. Lloyd Carr, a senior who sat out the 1966 season after a transfer, appeared the No. 1 quarterback. Carr, Lambert and Rich McCarthy, last year's total offense leader, were ready to back him up.

Northern Michigan was 6-3 overall last year as an independent.

Alma, 4-5 last year, fields a team that finished 4-3 overall and 2-3 in the Northern Intercollegiate Conference. The Alma Scots were 3-2 in the MIAA.

Michigan Tech Coach Lucier said, "What we come up with at quarterback and fullback may well determine how Michigan Tech will fare in 1967."

Mike Merlo is expected to take over at quarterback. Mike Eastlake was injured and that left fullback up for grabs. Dennis Bienkowski appeared the likely starter.

Northwood, an independent, finished with an even 4-4 record last year.

Olivet showed a 5-3 mark last year and a 3-2 record in the MIAA. Mike Westcott, last year's leading scorer with 42 points, has graduated.

Ferris State, which stumbled to a 1-5-1 record last year, has had the "help wanted" sign out. Coach Bob Leach has only 11 returning lettermen and only six of them were regulars last season.

Hope finished 3-4 last year and was 2-3 in the MIAA.

Central Michigan won its first IIAC title last year with a 3-0 league record and a 4-5 overall mark. Coach Roy Kramer has 27 lettermen back, but lost Bob Rosso, who scored seven TDs last year.

Eastern Michigan finished last year with a 5-2-1 mark as an independent.

Sport Shorts

ANN ARBOR (AP) — The University of Michigan football squad—apparently over a virus which plagued players last week—returned to the practice field Monday.

Only junior linebacker Dennis Sirosky remained out with the upper respiratory infection.

The team learned that sophomore guard James Duffy will be lost for the season with an ankle broken in Saturday's scrimmage.

Ullman Remains Wing Holdout

DETROIT (AP) — Norm Ullman, one of the top National Hockey League scorers last season, remained a holdout Monday as the Detroit Red Wings started serious workouts.

Left winger Paul Henderson, center Ted Hampson, right winger Bruce MacGregor and defenseman Bob Falkenberg all signed their 1967-68 contracts Monday.

Ullman has not reached agreement with Manager-Coach Sid Abel on terms.

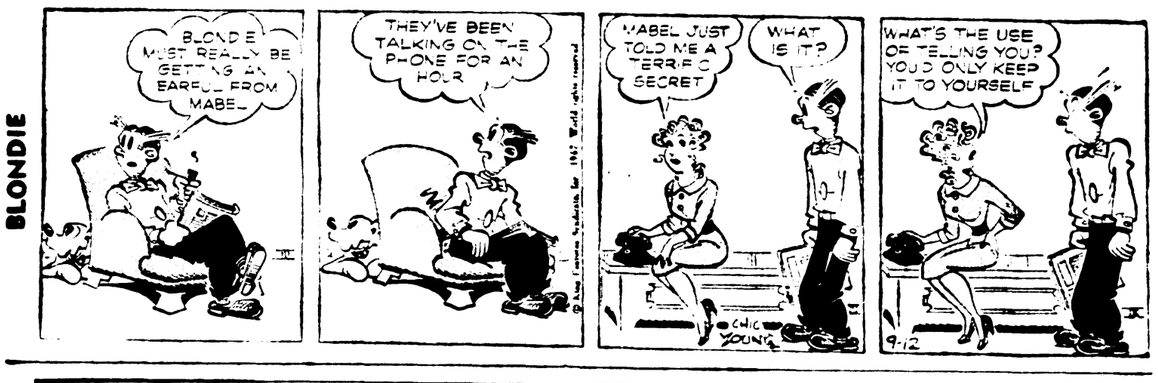
BLONDIE

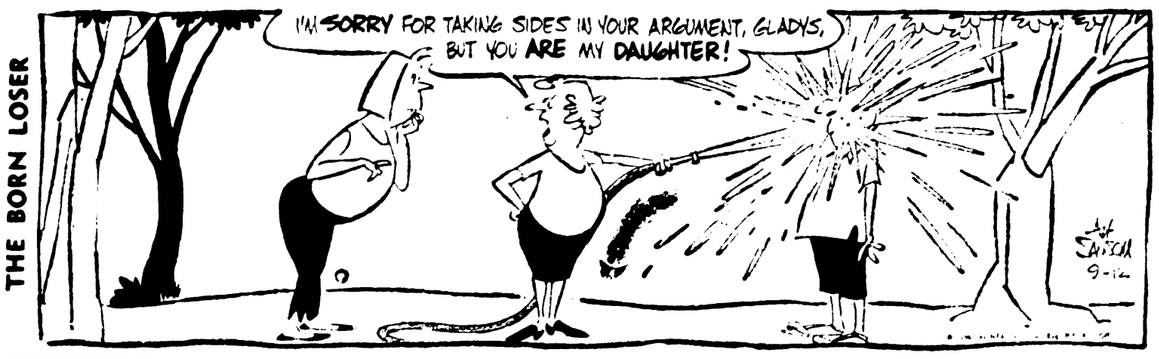


BLONDIE MUST REALLY BE GETTING AN EARFUL FROM MABEL
THEY'VE BEEN TALKING ON THE PHONE FOR AN HOUR
MABEL JUST TOLD ME A TERRIFIC SECRET
WHAT IS IT?
WHAT'S THE USE OF TELLING YOU? YOU'D ONLY KEEP IT TO YOURSELF

LI'L ABNER

YOU CALL YOURSELF A KING? WELL I CALL YOU A THIEF!! --A RAT!!
DUN'T STOP!!--CALL ME SOMETHING ELTZ!! AH-H!!--THAT HOT BREATH!! IT'S LIKE STIMM HITT!!
P-ZZ SCRIMM OUR WAY!! WE ARE MERELY PAZZUNTS, BUT WE COULD USE A LIDDLE HITT!!"
FOR MYSELF, I DUN'T ASK NUTTIN, BUT COULD YOU SCRIMM ONE LIDDLE DORTY NAME IN MY BABY'S FROZEN LIDDLE FACE?

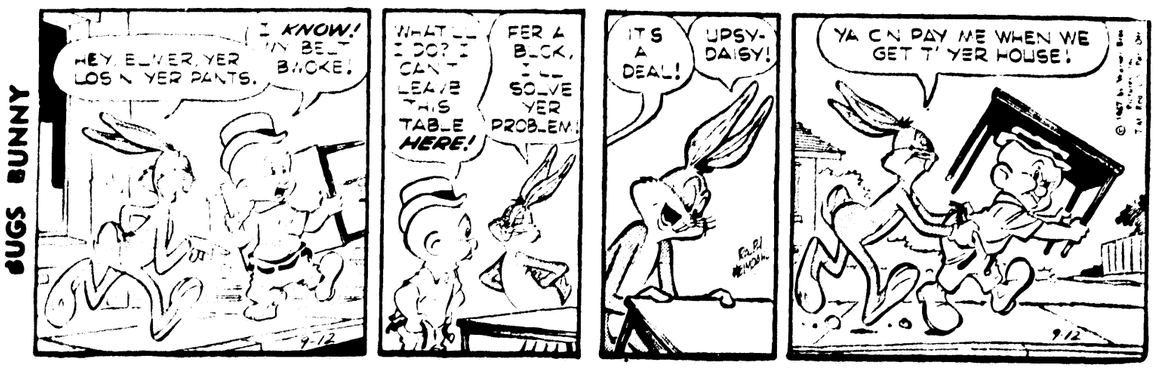
THE BORN LOSER



MARK TRAIL

I DON'T WANT ANOTHER MOUTH TO FEED..EVEN A DOG. I WOULDN'T KEEP THAT HORSE, BUT I WANT TO BREAK HIM FOR HAY CUTTING!
BUT, PAPA...
DON'T ARGUE WITH ME, JERRY. NO DOG!.. NOW GO PICK SOME BLUEBERRIES AND I'LL COOK YOU A PIE FOR SUPPER!
GOLLY, I WISH I HAD A DOG LIKE OTHER KIDS!

BUGS BUNNY



HEY, ELMER, YER LOSIN YER PANTS.
I KNOW! I'M BELT BUCKLE.
WHAT DO? I CAN LEAVE THIS TABLE HERE!
FER A BUCK, I'LL SOLVE YER PROBLEM.
IT'S A DEAL!
UPSY-DAISY!
YA CAN PAY ME WHEN WE GET T' YER HOUSE!

MANISTIQUE

HONORARY MEMBERSHIP and citation from the Schoolcraft Retired Teachers Club was presented to Mrs. Ada Watson, seated, former Schoolcraft County School commissioner. Mrs. Adam Heinz, in whose home the meeting was held, is shown making the presentation for the Teachers group, which she heads as president. (Daily Press Photo)

In Service

Army Spec. 4 William R. Freeland, 20, son of Mr. and Mrs. Clare B. Freeland, Gulliver, was assigned to Headquarters Battery, 2nd Armored Division Artillery at Ft. Hood, Tex. Spec. Freeland, a radio teletype operator in the battery, entered the Army in March 1966 and was last stationed at Ft. Gordon, Ga. He is a 1965 graduate of Manistique High School.

Jobs Daughters Install Council

At a recent meeting of Job's Daughters Bethel No. 69, the following Council members were intalled for the ensuing year: Mrs. Helen McGlothlin, guardian; Lionel Vail, associate guardian; Mrs. Sherwood Lamirand, guardian secretary; Mrs. George Chvala, guardian treasurer; Mrs. Orson Livermore, director of music.

Associate Council members are Mrs. Lee Pappas, director of epochs; Mrs. Adelor LaCroix, custodian of paraphernalia; J. Witter Reid, promoter of finance; and Mrs. Robert Johnson, promoter of sociability.

Installing officer for the ceremony was Mrs. James Fyvie, past guardian and past grand director of music. Committee chairman appointed are George Rasmussen, promoter of fraternal relations; Mrs. Harvey Pike, chairman of hospitality; and Mrs. Nalbert Gerber, chairman of good will.

Obituary

MRS. ELIZABETH CLISH

Funeral services were conducted at 9 a.m., Monday in St. Francis de Sales Church for Mrs. Elizabeth Clish who died Thursday. The Rev. Daniel Zaloga officiated. Pallbearers were Palmer Derouin, Ardell Gardapee, Jacob Weber and John Weber. Burial was in Lakeview Cemetery under direction of Messer-Broullire Funeral Home.

Driver Ticketed In Accident

Alfred Rummelt, 65, of Wyoming, Mich., and his wife, Madeline received minor injuries in an accident at 9:50 a.m., Sunday on U.S. 2 and the highway 13 intersection in Nahma township.

State Police said a pickup truck driven by Gregory Erwin, 19, of Stamford, Conn., pulled in front of the Rummelt car from FFH 13, as Rummelt was traveling west on U.S. 2.

Erwin was ticketed for failure to yield right of way.

Briefly Told

Application for a marriage license has been made by John T. Strable, 430 Oak St., and Linda Kay Thompson, 440 Arbutus.

★ ★ ★

Zion Lutheran

The Church Council will hold its regular monthly meeting in Augustana Hall Sept. 12 at 7:30 p.m.

Bill Turpin Defends Crown

Bill Turpin successfully defended his crown, as the Manistique Rifle & Pistol Club held its Fourth Annual Shotgun Championship.

Turpin shot a perfect 25 on his second round to tie Dallas Dunning for the top spot. This resulted in a shoot-off, which Turpin won by two birds. The 25 straight was the first ever recorded on the skeet range since it opened in 1964.

Complete tournament results: Top Gun: Bill Turpin, First place in Class A, Dallas Dunning, First place in Class B, Lloyd Johnson; and First place in Class C, Bill Spreen.

Forest Money Is Received

Hiawatha National Forest receipts are being disbursed through the county treasurer's office to the county road commission, which is receiving $2150.96 or a fourth, the Bay de Noc school district receiving $3226.44 for Inwood township's share, the Manistique area schools, receiving $1677.75 for Thompson township's share and $1548.70 for Hiawatha township's share. The total of $8,603.85 compares with $6,582.03 a year ago.

Schoolcraft County EVENTS AND NOTICES

The License Practical Nurse Assn. will meet Sept. 12 at 7:30 p. m. at the L.P.N. Headquarters, 131 Cedar St. Plans will be discussed for the fund raising Rummage Sale to be held at the home of Mrs. Bea Tank, Sept. 13, 14 and 15. Any donations will be appreciated. Articles are to be left at 315 Oak Street.

Church of Redeemer Women's Association meeting and pot luck dinner Wednesday, 6:30 p. m. at the church. Program under direction of Mrs. D. L. Moir. Mrs. C. W. Blanchard, Mrs. Harvey Patz, Mrs. Wm. Brauer, wife of the new pastor, will be a guest.

Attention All Elk Bowlers! A meeting will be held Sept. 13 for all Elk bowlers and captains. If you are on a team or would like to join one, attend this meeting. If interested in joining a team call Jim Miller, Chairman of the Bowling Committee at 341-2524 and arrangements will be made for team membership.

K-C Bishop Baraga Rummage Sale every Thursday and Friday, 1 to 4:30 p. m., Corner Oak and Maple. Donations of sale articles will be appreciated.

St. Jude Rummage Sale Thursday and Friday in the Garage of Mrs. W. A. Norton.

Presented as a Public Service Every Week By:

ESELCO

To Schoolcraft County Residents:

We wish to thank the concerned parents and taxpayers who have attended the past two meetings of the Area Fact Finding Group, and ask for your continued support and patience.

We feel that these people, as well as others in the area, may be interested in the following hot lunch figures. These were taken from the printed financial report, as required by law, in the Pioneer Tribune of Dec. 29, 1966, and audited by the auditing firm of Ernst and Ernst.

District	Revenues	Disbursements	Cost	Hot Lunch Figures 1965-66 Manistique Area School Board Costs
Manistique City	$12,687	$12,772	-$85.00	No deficit
Hiawatha Township	4,333.76	4,311.86	+21.90	$1,093.80 deficit
Fairview Township	5,816.08	5,813.91	+2.17	$1,801.98 deficit
Doyle Township	4,542.29	3,427.75	+1,114.54	$2,389.60 deficit
Mueller Township	4,993.27	4,993.27	0	(Not Shown)
Thompson Township	146.60	1,011.88	-865.28	$865.28 deficit
Germfask Township	1,395.15	3,264.03	-1,868.88	$1,868.88 deficit
				$8,019.54 deficit

Hot Lunch Figures 1965-66 Ernst and Ernst

We do not contest any of Ernst and Ernst's audited figures — we only wish that Mr. Kanerva would use them.

Conclusions:

1. These figures show that the Hot Lunch program is, or should be, self-sustaining and should not be made an issue in the millage proposal.
2. A Hot Lunch program is necessary for health, sanitary and emploment reasons.
3. The Germfask deficit jeopardizes the whole area Hot Lunch program.

Recommendations:

1. That the Manistique Area School Board immediately reinstate the Area Hot Lunch program, or publicly state their reasons for not doing so.
2. That the Manistique Area School Board check their figures a little more closely in the future.
3. That the Fact Finding Group look into the reason for the Germfask Township Hot Lunch deficit. (Thompson Township school children are now being taught, and would be served hot lunches, in the Hiawatha Townships schools.)

The next meeting of the Fact Finding Group will be held in the Mueller Township School at 7:30 P. M., Monday, September 18, 1967. Let's have another good turnout!

Schoolcraft County Fact Finding Group

Leon Wood, chairman

Fearsome Four Scares Fears

NEW ORLEANS (AP) — The Los Angeles Rams' Fearsome Foursome is feared by none other than Fears — Tom, that is — and the New Orleans Saints' coach says they're even more fearful, "if that's possible," with Roger Brown.

Thus, Fears fears the Rams may bring his Saints down to earth when the two teams clash here Sunday in the league opener for both.

The Fearsome Foursome — that's the monicker for the two defensive ends and two defensive tackles of the Rams — limited New Orleans to a net of one yard rushing.

One of the four, Roosevelt Grier, a 287-pounder, is out of action. The Rams gave up three draft choices to get 300-pound Roger Brown from the Detroit Lions last week.

"We're facing a squad now that's a little better on defense, if that's possible, with the acquisition of Roger Brown," said Fears today.

"Roger Brown is one of the best tackles in football," said Fears, "where Grier would have a good game and a so-so game."

"With those three other guys coming like they do the impetus just take you over and any guy in there will do a helluva job."

The other members of the Fearsome Foursome are 6-foot-5 Deacon Jones, 260 pounds; 6-5 tackle Merlin Olsen, 275, and 6-7 Lamar Lundy, 260.

Weather Hits America's Cup Sailing Plans

NEWPORT, R.I. (AP) — Winds blustering around the fringes of Hurricane Doria threatened to postpone the first race for the America's Cup today.

The Weather Bureau has forecast an only slightly less blustery repeat of the 30-knot northeasterly that kept both the American defender, Intrepid, and the Australian challenger, Dame Pattie, in port Monday.

The race committee of the New York Yacht Club, holder of the ancient trophy for 116 years, was to meet early today to determine whether there was too much weather for the competing 12-meter sloops.

FIRST MULE

The first mule bred in this country of which there is a record was one bred by George Washington. The first jack brought to America was presented to him by the king of Spain.

Miles Misses Piston Drills

MARYSVILLE, Mich. (AP) — Veteran guard Eddie Miles failed to report Monday for the Detroit Pistons' first full scale practice session of the 1967-68 National Basketball Association season.

Miles has one year to go on a two-year contract and would be starting his fifth year in the NBA.

The Pistons' third highest scorer last year, Miles met with Detroit General Manager Edwin Coil during the summer to discuss reopening his contract.

Columbus Gets Sweet Revenge

COLUMBUS, Ohio (AP) — The Columbus Jets finally got the best deal in a shutout with the Toledo Mud Hens.

It came Monday night as the Ohio teams clashed in the first game of the International League Governor's Cup playoffs' final round.

The Jets claimed a 5-0 victory before a sparse crowd of 1,006 on a nippy night.

In regular season play the Jets were shut out six times by Toledo.

The shutout Monday night was by Bob Moose, a 19-year-old rookie right-hander, who gave up only six hits in the opener of the best-of-7 series.

Moose, recalled from the Southern League on Aug. 5, also scored after he walked in the seventh inning. He came home on singles by Fred Patek and George Spriggs and a fielder's choice.

Rookie first baseman Bob Robertson belted a long homer in the seventh.

Moose got in a jam in the fifth when he walked Chris Cannizzaro and gave up a single to Don Dillard. But then he retired the next three batters.

Racing Boss Will Retire

DETROIT (AP)—State Racing Commissioner Joseph Childs reportedly is ready to retire after serving little more than a year at the post.

Childs, 57, a former State Police commissioner, was appointed to the racing commission job at th height of grand jury interest in Michigan horse racing. The post pays $15,000 a year.

"Frankly," Childs said, "I HAVE no real interest in horse racing itself. I like most of the people in the business, but I'm no horse player."

Childs was appointed by Gov. George Romney on Aug. 8, 1966 to replace Berry Beaman. The commission budget recently was slashed from $77,000 to $65,000.

Dowagiac City Manager Accused Of Embezzlement

PORT CLINTON, Ohio (AP)—Dowagiac, Mich., City Manager Edward Simmans is free on $10,000 personal bond today, charged with four counts of embezzlement.

Simmans, former safety-service director of Port Clinton, pleaded innocent in Ottawa County (Ohio) Common Pleas Court Monday. Examination was set for Nov. 8.

He is accused of taking $2,000 from the city of Port Clinton.

Auditors of the city financial records said four checks totaling $2,000 had been made out to an allegedly ficticious Sandusky water supply company and were endorsed by a James Reed. Authorities have been unable to locate anyone by that name in the Sandusky area.

In an emergency meeting, the Dowagiac City Council meanwhile held in abeyance Simmian's resignation, but agreed to suspend him until the charges are disposed of. The Council also ordered a complete audit of the city's financial records.

Hugh D. Wear, director of municipal utilities, was named acting city manager.

HOUSING DIRECTOR WANTED

The Gladstone Housing Commission will receive written applications until 5:00 P. M. Tuesday, September 19, 1967 for the position of Housing Director.

Applicant shall state date of birth, education, physical condition, previous work experience, address, telephone number and social security number. Job qualifications available from the City Manager. Applications shall be sent to Gladstone Housing Commission, 1100 Delta Avenue, Gladstone, Michigan 49837.

GLADSTONE

Dr. Maniaci Heads Michigan Retarded Assn.

Dr. George D. Maniaci

At the 6th annual meeting of the Michigan Association for Retarded Children held in Lansing Saturday, Dr. George D. Maniaci, Gladstone was elected president. Speaking to more than 300 attending the one-day meeting, Dr. Maniaci urged members to "tithe time as well as money" to help guarantee expansion and quality of needed services for the retarded of Michigan.

"While mental retardation has now entered the inner circle or respectable handicaps," the Gladstone physician said, "it is not respectable to allow a child's abilities to stagnate for lack of educational or training programs which would make him a useful and contributing member of his community."

In unprecedented action, the state association unanimously adopted a resolution calling upon Governor Romney, the Legislature and all departments of government to continue progressive action for the retarded which has placed Michigan in the vanguard among states working in this area. Basis for the action, acording to Dr. Maniaci, is the standstill in programs for the retarded resulting from lack of appropriations for planned needed expansion.

Elected as vice president of the state organization was Harold Bergum, Birmingham; Mrs. Lois Stark, Grosse Ile, secretary, and Irving DeRose, Warren, treasurer.

Briefly Told

A breaking and entering at a camp owned by Richard Anderson, Wells, is under investigation by State Police. The cabin is located on County Rd. 503 in Bay de Noc Township. Officers said apparently nothing was taken.

Personals

Dr. A. A. Hollick has been released from St. Francis Hospital where he was a patient for the past week.

Trenary

WSCS To Meet

The Women's Society of Christian Service of the Methodist Church will have an important business meeting Thursday, Sept. 14 at 8 p.m. at the church. Mrs. George Hager will be the hostess.

Lions Club

The Lions Club will meet Tuesday, Sept. 19 at the Kiva Clubhouse. A movie on professional football will be shown following the business meeting.

Donald Williams, son of Mr. and Mrs. Edgar Williams has enrolled at Michigan State University.

The Rev. Clifford DeVore, Gladstone, will serve as interim pastor of the Methodist Church during the convalesence of Rev. James Ritchie.

Miss Cheryl Cady has returned home after visiting relatives in Denver, Colo.

Donald Laurila and daughter, Joan, arrived by plane from Tokyo, Japan to visit relatives. Joan will enter Michigan State University next week and her father will return to Japan.

Youth Choir

The Methodist Youth Choir will practice Thursday after school at the church. Mrs. Frank Richmond is the director.

Returns From Europe

Mrs. Esther Cauchon has returned home after vacationing in Europe. She also visited her son-in-law and daughter, Mr. and Mrs. Joe Brant Jr. in Richmond, Mich.

Cletus Chartier, Traunik, returned to his home after being a patient in St. Mary's Hospital, Marquette. Mr. Chartier was burned in August and is now convalescing at home.

Senior Citizens

The Senior Citizens Club will meet Monday, Sept. 18 at 1 p.m. at the Town Hall. The VISTA workers, John Clements and Steve Collis will assist Mrs Audrey Wright.

Wade Show Pair Married At Top Of Ferris Wheel

ALLEGAN (AP)—A couple of fair workers were back on the ground Monday after their sky-high marriage.

Phillip Cowgill, 24, of Portland, Ind., and Irma Wiles, 28, of Muncie, Ind., were in love. They also were new employes of W. G. Wade Shows operating the midway at the Allegan County Fair.

They wanted all their new friends to attend their wedding, but they all couldn't get away from work. So the two were married atop a double Ferris wheel Sunday.

"It was the only way they could all be there," said Mrs. Cowgill.

"From the top of the double Ferris wheel even those on the other side of the park could see," said the groom.

Seats were turned around so that Allegan Justice of the Peace Otto Schmidt could face the couple. Some fellow workers went up in the other seats and the double ring ceremony was performed 96 feet above the midway.

Six minutes later they returned to the ground and were showered with popcorn by the wedding party.

It was the first ride on the double wheel for the two.

Wednesday only!

special

rain or shine, wear these coats and save

$14.90

Give your wardrobe great fashion coverage, save on one of our very special coats. Good fashion when the sun is shining, they're treated for water resistance. Solids, checks, dots in the collection. Some belted coats, classics, too. Shown: rayon/cotton tackle twill in turquoise or red, 6 to 18.
